I. W. Harris and Miss Olive had a most delightful time during their recent visit in Illinois. At Delevan there was much social gaiety and Olive greatly enjoyed the parties and receptions she attended. The revival meetings at Falls City have resulted in one good, even if they have accomplished nothing else. The best citizens, stirred up by the revival got together and as a result the slot machines have all been removed.—Hiawatha World.

It is an old saying that farmers like to trade in a town where there are saloons. Hiawatha,

Kansas and Falls City, Nebraska are towns of about the same size. Both are located in about the same sort of country. Both are county seats. The surrounding population is about the same. Hiawatha has no saloons. Falls City is full of them. Which is the better town? Certainly Falls City is no better town. Certainly Falls City is no better town than Hiawatha; certainly it has not a larger trade.—Atchison Globe.

IN QUART BOTTLES.

We have never seen a town the size of Humboldt where so much freight arrives every day. Every train leaves great quantities of goods on the depot platform. This is a good sign, but it would be a better sign if so much thereof were not mail order goods that could be bought of the home merchants.—Humboldt Enterprise.
