It is not peanut politics. It is not factionalism of which this community has grown very tired. It is not personal ambition. Rather it is a business proposition. The city's best interests. The general welfare. As such which shall it be, Dorrington or Leyda?

The Stella woman's club that Mrs. Wheeler (Maude Slocum) tells about is our kind of a woman's club. Starting with ten members a year ago, it has up-to-date increased its membership by six babies. The attention of

the president should be called to this.

#### A Great Band.

Innes and His Great band will play at the famous festival at Bethany college. The expense of the band is \$750 a day. It will be seen that stopping the band in Hiawatha is a great favor, for even with a packed house the band can't hope to make expenses. Everybody is going to be at the concert who can possibly get away from home and store and in from the country for to hear this great band is an event of a lifetime. Don't forget day and place and came to Hiawatha, Saturday afternoon, April 15.

#### Foot Crushed By Train

Robert Moore, a colored boy living in Humboldt attempted to board the second section of a Missouri Pacific freight train known as number 72 Wednesday morning with disastrous result. The train was going through with stopping and was running at a high rate of speed. The young man attempted to get on the front platform of the way car but his hold on the iron railing slipped and he fell beneath the wheels. His right foot was so terribly crushed immediately below the ankle that amputation was necessary. He was conveyed to the Mercy hospital where the operation was performed. The chances for recovery are good, but accident will leave the young man hopelessly crippled for life.

#### Elks Lodge Assured.

G. E. Hall has received word from Mr. Taylor of Omaha that the application for an Elks lodge charter in Falls City had been acted upon favorably by the grand lodge officers in Indianapolis. The laws of the lodge do not permit the granting of a charter to any city of less than five thousand inhabitants. The grand lodge officers were satisfied from their investigation into the local census, the vote at the last general election and the post office receipts that Falls City was eligible. Hence the favorable action. The installation will take place some time in May.

#### Golden Wedding.

The members of the Christian church at Verdon and friends and relatives of Mr. and Mrs. A. W. Frank met at the church of Monday afternoon in commemoration of the golden wedding anniversary of that worthy couple. Rev. Aten the minister of the church escorted the couple to the platform and congratulated them on their many years of wedded bliss. Mr. Frank was presented with a gold headed cane and his wife with a ten dollar gold piece and a fine drawn work centerpiece. Rev. McElroy brother of Mrs. Frank by request thanked the guests for their kindness. A number of those present had lived in this county since before 1860 and they all had something to say of pioneer life.
