## SO DOES EVERYBODY ELSE.

We hope the time will come is Nebraska when a bright, energetic country school teacher wil command better pay thar: 825 ; month for her services. Some people seem to think that it does not require much education or work to teach all the grades fiom primary to highschool, in same room every dav, wade through the snow, carry coal build fires, sweep out the school house be able to lick the untuly urchins, take care of the babies, and pre vent the big bors from making love to her, she provides schemes brary and plant trees on Arbor day. She must attend connty in in all the braniches of modern education, in clubing agrictulture, physiology and the effect of a ystem of man, at1 examination frat tho thirds of the saprime would flusk on, and for ail thes accomplishments and varted it fies and services, she reciencs
without hope or reward unless some young man who knows a good thing, when he sees it mar ries her, and that does not alway better her condition. The lady teachers should form a trust and demand decent wages, and the would get it.-Sutton Registet.
