California Trip.

Mr. and Mrs. J. W. Loucks returned last week from a six months trip to California. Mr. Loucks talks very interestingly of his sojourn in the golden state. He was particularly impressed with the magnificent orange groves at Riverside and Redlands. Together with Mr. and Mrs. Aaron Loucks they spent a month at San Diego, two months at Riverside, six weeks at Long Beach and several weeks at Los Angeles. Mr. Loucks reports that Aaron was very restless at Riverside as there was no fishing and not a checker player in the city. At long Beach however he had the time of his life catching sea bass yellow tails. He caught the largest sea bass ever caught at the Long Beach pier weighing 41 pounds. The trip was beneficial to the health of the party, and did a great deal towards curing the asthma with which Aaron has suffered so long. Aaron is now in Portland Or., and will probably be home about May 1st. Whether the crops and buffalo of the Nemaha will be an attraction after sea bass remains to be seen. However we will take an even money bet that Hank Shaw will have him down on the old stream within twenty four hours after his arrival home.

New Remedy for Faithlessness.

Hiram Stotts of Shubert suspected his wife and hired hand, named Wilson, of undue friendliness, and set about to confirm his suspicion. He discovered the pair in their efforts to elope, and instead of a shot gun play, the injured husband gave them sufficient money to take them to some far distant part, where he will never hear of them again. The woman and her lover took the train from here last week, being driven here from Shubert by the woman's son.
