**Miss Mead Hurt.**

On Monday morning as Vet Simanton was finishing a job of papering at the telephone office the scaffold broke and the two men, who were standing on it, fell. The scaffold was just over the switchboard and a piece of the broken lumber hit Miss Vergie Mead across the arm and hand. The accident was quite painful and if it had not been for the switchboard more serious results might have happened. The other members of the company were uninjured.
