

Holmes is for Pollard.

Those democrats who have been expecting gains for Brown through disaffection on the part of Judge Holmes and Lancaster county republicans generally are doomed to disappointment. For the benefit of those who have been led to question his attitude in this campaign, Judge Holmes has made the following statement to the State Journal:

"Such a story as that is hardly worth answering. It is all right, I suppose, for Mr. Brown to use his prestige as mayor of Lincoln for his democratic friends to get as much comfort out of it as possible, but that's all he'll get. He'll get no republican votes in Lincoln. I do not mean, of course, that he will not get a single republican vote, for like any candidate, he will get a few republican votes from friends here and there, but I don't believe that his candidacy will have any perceptible effect more than the candidacy of any democrat that could be named in the First district. Mr. Brown is a good citizen and many republicans supported him for mayor. But these same republicans would not think for a moment of supporting him as a candidate for congress. It seems to me very foolish for the democrats to make any such pretensions as this. Because it will only react against them and will discredit the management of their campaign when the election demonstrates how little the republicans of Lincoln and of Lancaster county want a democrat in congress. The democrats only demonstrate the weakness of their cause and the little hope they have in trying to make a campaign. If I had been nominated at Falls City instead of Mr. Pollard, I have no doubt that the democrats would now be circulating the story that Pollard and his friends down in Cass county were sore and that there was to be a heavy slump to the democratic candidate. There is always such talk as this in every election, but if the republicans throughout the district are as loyal to Mr. Pollard at the coming election as they will be in Lancaster county, he will have a larger proportion of the vote polled than any other republican candidate has ever had and there will not be much comfort in that for the democrats. The fact is there never was a time when there was as few people in this county wanting democrats in congress as now. Who is it that wants a democrat in congress? What can a democrat do in Washington now? What can he do for the republicans of the First district? What can he do for anybody? What reason is there now, with the whole country, democrats and populist and republicans alike all bent on sustaining President Roosevelt and backing up his policy by every possible means, what reason is there for a democrat in congress? Go out among the republicans here in Lancaster county and see if you can find one single republican who wants a democrat in congress. Talk to Judge Frost, or Paul Clark, or the men who were aspirants or any of the delegates to the Falls City convention or any republican in Lancaster county and see if you can find one that is giving encouragement to the democratic candidate. The democrats have certainly made themselves ridiculous by their pretensions that Mr. Brown has any pull on republican votes.

CHOLERA INFANTUM

Child not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Bath, the daughter of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale at Kerr's drug store.

They will likely spend several weeks in and around Shubert as the farm work in the Territory is done till the fall work begins.

Lank Shaffer took a carriage load of the coming men of Shubert down to Falls City last Friday to see the big animal show. The party consisted of Frank Bricker, Elmer Ham, Rolland Spense and Dwite Harman. The boys were well pleased and think the show is the biggest thing of its kind on earth.

On last Friday evening in broad day light, on the public street of Shubert, exposed to gaze of men, women and children, occurred one of the most disgraceful and disgusting affairs that ever took place in this fair little city. Like some ferocious wild animals thirsting for blood two men engaged in a fight and unmercifully pounded and beat one another in the face with their bare fists. It looked as though the crime would go unchallenged and the culprits unpunished, which probably would have been the case, if some friends of the belligerents had not induced them to appear and plead guilty and pay a fine. This they did and were fined the pitiful sum of \$5.00 and well admonished to go and sin no more. When, oh when, will men learn to be men, and officers learn to do their duty?

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale at Kerr's drug store.
