

THE FALLS CITY BUSINESS COLLEGE

AND SCHOOL OF

SHORTHAND, TYPEWRITING and PENMANSHIP

Opens on MONDAY, SEPT. 11, in the two story frame building five blocks northeast of court house

Announcement

We have collected a great many testimonials from our former students who are now holding excellent positions and drawing large salaries, and these we had intended to have published in the form of a catalogue. Finding that the cost would be too great unless we increased our tuition charges, we have abandoned this idea.

Remember that we own our building, do our own teaching and owe no man a cent. This explains why our tuition is lower than that of similar institutions. Did you ever think, my dear students, that the fine catalogues sent out by some of our large colleges, the rent for the great buildings which they occupy, the interest on several hundred dollars invested in fine school furniture and the high salaries drawn by their teachers are all paid by you?

Shorthand and Typewriting.

Never before in the history of the world has the lightning pen of the stenographer been appreciated as it is at present. The demand for good shorthand writers for general office work is far in excess of anything heretofore known. At no time in the past have competent stenographers so readily secured good, paying positions as now. All positions of this kind will be found pleasant and profitable and better adapted to ladies than almost anything else they can do in a business way. Young men and women have but to master shorthand to make it a source of profit to themselves and an easy stepping stone from a lower to a higher position.

Save Twenty Dollars

All students enrolling at the college on Monday, September 11, 1905, for seven consecutive months and paying cash or giving note bearing 8 per cent interest, will be given a discount of \$20 and furnished all books and blanks free of charge. This offer holds good for one day only. Parents, don't you think that it is a duty you owe to your sons and daughters to give them a good education? It will cost you but fifty dollars. Many of the young pupils who have graduated from our college are now making more money in one month than it will cost you to send them to this institution and allow them to complete a course. It is our aim in the future, as it has been in the past, to promote the general welfare of every student in our college. The parents who send their sons and daughters to this college can rest assured that they are watched over by the people of this community and they are removed from the awful dangers that await them in the larger cities.

Select Your Own Studies

The most of all schools place all students in the same class at the time they enter school, and they are all dumped out together at the end of three or four years by what is known as the grinding process, and during all this time the student has been pursuing studies that he knew would be of no practical use to him, but what can he do? He must know a few branches, and in order to get them he must go through the grinding process. Attend our college a few months, no matter whether you wish to prepare yourself for business, a stenographer, a farmer or the teaching profession, and by the time the other fellow who is attending the grinding school has completed his course you will have made back your school money and be comfortably located in business.

Come and Do Likewise

Our graduates are now filling positions as clerks, stenographers, teachers, and bank cashiers at salaries ranging from \$35 per month to \$1,500 per year. You can do the same by attending our school from six to eight months. We have graduates in almost every bank in this county, also stenographers and bookkeepers in Omaha, St. Joseph and Kansas City, and in fact all through the west, that are commanding high salaries and they freely give the Falls City Business College credit for the excellent positions they occupy. Why will anyone be idle when they could spend the price of one hundred bushels of corn for a course in this well established school and thereby step into a paying position that would be a credit to themselves and to their aged parents?

Backward Students

Many young men and women who have neglected their earlier education are too backward to mingle with the children of the public school. To this class we have to say that in our college there is nothing to embarrass you, as we give you private instruction until you can enter classes without feeling the least embarrassed. Remember that there is no examination on entering our school and if you have never been to school a day in your life your nearest seat mate will not know it as you will receive personal instruction from your teacher. By this method you are able to advance much faster than in a larger school and also save yourself lots of embarrassment. If you are thinking of attending school, write to any first class Business College for their terms and you will find that we can give you the same course of study from \$20 to \$30 cheaper. For further particulars call or address,

G. M. BARRETT, PRINCIPAL

PINE RIDGE

Willard Myers and family spent Sunday last with J. I. Cross.

Mrs. Frank Hoagland and Belle Shrader spent Friday with Mrs. Stanley Wilson.

Belle Shrader came in from Chicago and is visiting friends and relatives in this vicinity.

A little forethought may save you no end of trouble. Anyone who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale at Kerr's drug store.

Good Farms And Lands Cheap.

There is absolutely better farm land for the money, and more money to be made on increase in land, in South Dakota, than any other section of the United States for the next few years as has been the case in the past few years. We have made specialty of these lands for several years. Write for our descriptive booklet which you will find valuable. Cheap excursion rates any day.

FALLS CITY SCHOOL OF SHORTHAND ... TYPEWRITING AND PENMANSHIP ...

I have assisted two years in the shorthand department of the Falls City Business College, and last year had full control of this department, and having a number of students who desire to complete this course, I have decided to open up a first class school, where I will give a thorough course in Shorthand, Typewriting, Manifold, Spelling, Punctuation, Penmanship and general office work. I teach the touch system of typewriting. My apartments will be well equipped with appropriate furniture, and new typewriters and located in good comfortable quarters. You can well afford to spend the small amount that I will charge you, and a few months time to complete this course as I have a number of students that are now filling good responsible positions at good lucrative salaries, and you can do the same by entering this school at the beginning which will be on Monday, September 11, 1905. I guarantee satisfaction where the student will give their time and attention to the work, as I will devote my entire time to my students. My charges are as follows: 3 months for \$25; 7 months for \$40 in advance. Those entering at the opening and paying cash, will receive a discount from the above prices. I will assist my students to positions as soon as they are qualified to fill the same. On account of short space of time, I am unable to obtain many endorsements from students but the following are a few that testify to my ability as an instructor.

Pawnee City, Aug. 15, 1905—Mrs. J. M. Whitaker—Dear Friend—Now that I have sold my interest in the Falls City College I wish to express my appreciation of your efficiency as teacher of Shorthand and typewriting. You rendered most efficient service during my ownership of the college. You were beloved by all your pupils. The executive ability you manifested was exceptional. You exercised great patience a virtue that is indispensable on the part of a successful instructor. Your personal interest in each pupil, willingness and ability to help at all times both within and outside the recitation room were always manifest. Your regular attendance upon Christian service and public profession of Christ as your Saviour and Christian bearing before the public exerted a good influence for good over the students. I wish you success and stand ready to help you in every lawful way. Yours Respectfully, D. F. Smith.

To Whom it may concern—I heartily and earnestly recommend Mrs. J. M. Whitaker as teacher of Shorthand and Typewriting and she is a competent instructor and takes much interest in her students and work.—Sophia Kieger.

To Whom it may concern—I am pleased to express my entire satisfaction with the instruction received in the Shorthand Department. My work there under the supervision of Mrs. J. M. Whitaker was not only interesting but fascinating. It is my belief that any pupil who is in earnest and carefully follows the instruction received will obtain splendid results in the shortest time possible.—Pearle Batty.

To Whom it may concern—It is a great pleasure to recommend to those who are interested in the Shorthand and Typewriting Department that Mrs. J. M. Whitaker is a very competent teacher, and takes great interest in her students. My regards for her are above reproach, and those who contemplate taking this course will make no mistake by taking shorthand from her.—Elsie Radinsky.

MRS. J. M. WHITAKER
