

# THE FALLS CITY BUSINESS COLLEGE

## AND SCHOOL OF

### SHORTHAND, TYPEWRITING AND PENMANSHIP

Opens on Monday, September 11, in the 2-story frame building, located 5 blocks northeast of Court House Square

**ANNOUNCEMENT** We have collected a great many testimonials from our former students who are now holding excellent positions and drawing large salaries, and these we had intended to have published in the form of a catalogue. Finding the cost would be too great unless we increased our tuition charges, we have abandoned this idea. Remember that we own our building, do our own teaching and owe no man a cent. This explains why our tuition is lower than that of similar institutions. Did you ever think, my dear students, that the fine catalogues sent out by some of our large colleges, the rent for the great buildings which they occupy, the interest on several hundred dollars invested in fine school furniture and the high salaries drawn by their teachers, are all paid by you?

#### SHORTHAND AND TYPEWRITING.

Never before in the history of the world has the lightning pen of the stenographer been appreciated as it is at the present. The demand for good shorthand writers for general office work is far in excess of anything heretofore known. At no time in the past have competent stenographers so readily secured good, paying positions as now. All positions of this kind will be found pleasant and profitable, and better adapted to ladies than almost anything else they can do in a business way. Young men and women have only to master shorthand to make it a source of profit to themselves and an easy stepping stone from a lower to a higher position.

#### SAVE TWENTY DOLLARS.

All students enrolling at the college on Monday, September 11, 1905, for seven consecutive months and paying cash or giving note bearing 8 per cent interest, will be given a discount of \$20 and furnished all books and blanks free of charge. This offer holds good for one day only. Parents, don't you think that it is a duty you owe to your sons and daughters,

to give them a good education? It will cost you but fifty dollars. Many of the young students who have graduated from our college are now making more money in one month than it will cost you to send them to this institution and allow them to complete a course. It shall be our aim in the future as it has in the past to promote the general welfare of every student in our college. The parents who send their sons and daughters to this college can rest assured that they are watched over by the people of this community and they are removed from the awful dangers that await them in the larger cities.

#### SELECT YOUR OWN STUDIES.

The most of schools place all students in the same class at the time they enter school, and they are all dumped out together at the end of three or four years by what is known as the grinding process, and during all this time the student has been pursuing studies that he knew would be of no practical use to him, but what can he do? He must know a few branches, and in order to get them he must go through the grinding process. Attend our school a few months, no difference whether you wish to pre-

pare yourself for business, a stenographer, a farmer or that of the teaching profession, and by the time the other fellow who is attending the grinding school has completed his course, you will have made back your school money and be comfortably located in business.

#### COME AND DO LIKEWISE.

Our graduates are now filling positions as clerks, book-keepers, teachers, bank cashiers and stenographers at salaries ranging from \$35 per month to \$1,500 per year. You can do the same by attending our school from six to eight months. We have graduates in almost every bank in this county, also stenographers and book-keepers in Omaha, St. Joseph, Kansas City and in fact all through the west, that are commanding high salaries, and they freely give the Falls City Business College credit for the excellent positions they occupy. Why will anyone be idle, when they could spend the price of one hundred bushels of corn for a course in this well established school, and thereby step into a paying position that would be a credit to themselves and an honor to their aged parents.

#### BACKWARD STUDENTS.

Many young men and women who have neglected their earlier education are too backward to mingle with the children of the public school. To this class we have to say that in our college there is nothing to embarrass you, as we give you private instructions until you can enter classes without feeling the least embarrassed. Remember there is no examination on entering our school, and if you have never been to school a day before, your nearest seatmate will not know it, as you are given a large table all to yourself, and will receive personal instruction from your teacher. By this method you are able to advance much faster than in a larger school, and also save yourself lots of embarrassment. If you are thinking of attending school, write to any first-class Business College and get their terms and you will find that we can give you the same course of study from \$20 to \$30 cheaper. For further particulars call on or address

**G. M. BARRETT, Principal**

## Purely Personal Paragraphs

Told in a Condensed manner for the busy readers of the Journal

Mrs. Oppie Ross has been quite sick the past week.

Will Jenne is very sick with the typhoid fever.

The articles quoted are the best make of goods in the market and will stand the test of actual wear and use. We are people who do as we agree to and carry the best stuff.

**ROBERTS, THE JEWELER, Falls City, Nebraska**

## Three Great Farm Bargains in Richardson and Brown Cos., Kan.

These three farms belong to non-residents and must be sold in the next few days:

No. 1. Is a good rich farm of 158 acres lying only 3 miles north of Falls City. Good improvements, finely fenced, wind mill and tanks, good small orchard, plenty of good water, on R. F. D. and telephone line, good neighborhood, close to school and church, no better soil in the county, good abstract title.

No. 2. 60 acres of good rich land, 3 miles southeast of Barada. Somewhat rolling but not rough, pretty well improved, good large orchard, plenty of good water. This will make some one with small capital a good little home, and there is land adjoining this that can be had.

No. 3. Is a good farm of 92 acres lying between Reserve and Padonia, Kans., well improved, fine location, good neighborhood, orchard, plenty of good water. Part of this farm is creek bottom but never overflows, no better soil in Brown county, most all in cultivation. Only 2 miles from R. R. market.

These farms will never be offered as cheap again, as above stated belong to non-residents and will be sold for less than their value in the next few days. Also a good \$2,000 residence, large barn, good arched cave, some fruit, nice ornamental trees, beautiful lawn, 4 nice east front lots, only 3 blocks from P. O. Belongs to non-resident, and for this reason will sell this nice home for \$1100. All of the above are sure enough bargains and you will think so when you get our prices on these farms.

Don't forget our land excursions to Butler and other counties in Kansas, on Tuesday, September 5th. If you don't see us soon you will miss a bargain.

## WHITAKER BROS.

A JOURNAL AD WILL PAY

## Please Your Hair

Don't have a falling out with your hair. It might leave you! Then what? Better please it by giving it a good hair-food—Ayer's Hair Vigor. The hair stops coming out, becomes soft and smooth, and all the deep, rich color of youth comes back to gray hair.

"I was troubled greatly with dandruff until I used Ayer's Hair Vigor. It completely cured the dandruff and also stopped my hair from falling out. It serves me very nicely also in arranging my hair in any style I wish."—Miss MAGUIR Cook, Divide, W. Va.

Made by J. C. Ayer Co., Lowell, Mass.
