DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."

Sells & Downs United Shows.

The Great Sells & Downs United Shows will exhibit in Falls City, Monday, September 11th, giving two performances. From a look at the array of talent that Sells & Downs have engaged for this season it would seem that they have made the effort of their lives to give the public a performance superior to any that has ever been given. They will present the famous Pontiac Zouaves, 27 in number, the finest drilled soldiers in the world, and Capt. Winston's educated Seals and Sea Lions. These mild-eyed denizens of the mighty deep are trained to play upon musical instruments—guitars, drums and cymbals—fire off guns, drill like soldiers, play base ball, and many other astonishing feats, and to cap the climax they are taught to sing solos, all joining in the chorus, "A home in the deep blue sea," to them not a meaningless melody, but a touching ballad, awakening thoughts of home and kindred, that these seals seem to understand.

Besides these two great acts they have the greatest acrobats and finest riders and funniest clowns. Sells & Downs seem to recognize that the public are demanding a great deal for their money, and they are giving more than the public expect. They have a menagerie made up of the rarest and finest wild beasts from all parts of the world.

Special train service has been provided on all railroads and a one fare rate for the round trip. In addition to large hotel accommodations, the citizens of Lincoln will open their houses to state fair visitors and no one need lack for a room and bed, on reasonable terms, while in attendance at the fair.

The entries and exhibits promise to exceed that of any previous fair in the history of the state. A special feature at the state fair will be an Igorrote village which was one of the greatest attractions at the St. Louis Exposition, and visited by more than 1,000,000 people; a tribe of Igorotes, Head-hunting Dog Eaters from the

A stockade seven feet high immediately north of Agricultural hall is being constructed for the use of the Igorrote village.

There will be racing each day of the fair; the fastest horses in the west have entered and will contest for the \$6,000.00 cash offer in purses.

Remember the dates, September 4th to 8th.

The Lincoln Star thinks the "maximum and minimum" as related to the tariff is intended to hornsaw the populists. It is a high sounding phrase, to be sure. It feels large in the mouth, like the initiative and referendum, and the populists will doubtless gulp it eagerly.—Fremont Tribune.
