

LOOK—LOOK

We carry the best stock of Lumber in southeastern Nebraska and our stock is complete and up-to-date. We want you to call and examine our stock and get our prices before buying elsewhere. Our motto is to give you what you call for. I would like to see all of my old customers come back and talk old times. We carry in stock all kinds of building material, posts, poles, sewer pipes, drain tile, brick, cement, ladders of all kinds, shingles and everything necessary to build a house, barn, fence or corn crib. We also carry a complete stock of coal, both domestic and steam coals at the lowest market price.

Come in and take a look, also shake hands with us and renew our old acquaintance and make new purchases. And remember that C. H. Rickards, the old lumber dealer of Richardson county is doing business for the

Chicago Lumber & Coal Co.

Educational Department

Conducted by County Supt. Crocker

THE TREE PLANTING QUARTET OF DISTRICT 63.

WILLIE AUST
JAMES VELVICK

WILLIE AMOS
JOSEPH AMOS

District 63 was organized in 1869. Until last spring not a tree or a shrub was growing on the school grounds. Last fall the district built a splendid school house, an exact duplicate of the famous Sutherland building. This beautiful structure standing alone seemed to awaken the esthetic nature of the pupils. Last March the four boys whose pictures appear above resolved to beautify the grounds and within a few days planted 38 trees. The trees are being cared for and are doing well. It will be only a few years until district 63 will have one of the most beautiful school properties in the state.

It is said that a blessing comes to him who plants a tree. Let us hope that these boys may live to be prosperous and useful men, that the grove they planted may prove to be a blessing in their neighborhood, and that many other pupils in the county will follow their example.

We shall soon have a reading circle notebook ready for each teacher in the county.

Dist. 90, Gustave Herr, teacher felt perfectly at home the first day and we all look forward to a successful year.

Sophia Reuter of Dist. 74 took the eighth grade examination during August, and received her eighth grade diploma last Monday.

Last week we published the names and addresses of the Richardson County teachers, the composers by mistake omitted the name of Mrs. I. G. Wilson from Stella list of teachers. A few changes in the teaching force will take place this week.

Dist. 13, Maggie Fergus, teacher. School opened Monday morning, September 4th, with ten pupils enrolled. Owing to the unfavorable weather attendance was irregular the first week. We have a splendid little school and a beautiful school property.

You remember last week we published the picture of the Sutherland school house, Dist. 20, Washington county. The school in our district 63 southeast of Humboldt is an exact duplicate of the Sutherland building. This statement should have been made last week but was omitted by mistake.

The Falls City Board of Education met Monday evening, Sept. 4th, and elected Miss Sue Gehling primary teacher to succeed Miss Miner, who resigned to accept a place in the Omaha school. Miss Bowers was transferred to the fifth grade to take the place of Miss Graves who resigned, and Miss Grace Bucher was elected to take the place vacated by Miss Bowers.

The Shubert schools did not open until September, 11, on account of the repairs on the building not being completed.

Mrs. Bessie Brinnegar is acting as principal of the Rulo schools and giving splendid satisfaction. Mrs. Malvena Horan is teaching in the third room.

Prof. Albert G. Owen of the Pawnee City Academy writes to the County Superintendent in part as follows:—"Kindly say to any of your eighth grade graduates that I will admit them to the freshman year of the academy on your grades without examination."

The following is the decision of the judges in the map drawing contest which was held during the institute:

Falls City, Neb., 8-9, '05
Supt. Geo. Crocker,

Dear Sir:—We, the committee appointed by you to award the prizes in the map drawing contest of Richardson county, decide as follows:

First prize, \$5.00, to be awarded to Iva Meredith, Dist. 59.

Second prize, \$3.00, to be awarded to Fannie M. Beaver, Dist. 74.

Third prize, \$2.00, to be awarded to Lizzie Caswell, Dist. 67.

FRED M. HUNTER
W. R. CALVERT
N. A. HOUSEL

Miss Edna Bullock, Secretary Nebraska Public Library Commission, Lincoln, Nebraska, writes in part as follows:—"We still have on hand a supply of our 'List of Books for School Libraries' The library is becoming a necessary feature of school equipment. Many dollars have been spent for library books by Nebraska school districts during the past year. We desire to not only encourage the further purchase of books, but to help the schools to a wise selection and at reasonable prices. We should like to have a copy of this list in the hands of every teacher in the state." When it comes to the number and value of school libraries, Richardson county ranks first. "Lists of Books for School Libraries," were sent out to our teachers last year. Those teachers who do not have a copy, should write to Miss Edna Bullock, Lincoln, Nebraska, for one.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale at Kerr's drug store.

Moral Training.
"The moral government of the school must be largely persuasive in its nature. When children can be moved to do right, because it is right, and to avoid doing wrong because it is wrong, a foundation has been laid which will not fail them, when in later years, they build their character upon it."

The following virtues and vices are continually coming to the notice of the observing teacher. The hints which are given below we hope may be found useful.

VIRTUES	VICES
Honest	Dishonesty
Truthfulness	Falsity
Diligence	Idleness
Regularity	Irregularity
Obedience	Disobedience
Purity	Obscenity
Respect	Disrespect
Self-control	Lawlessness
Neatness	Disorder
Reverence	Profanity
Candor	Deceit

How shall these virtues be fully developed in the pupil and the vices thereby prevented or eradicated? Test the following:

First. Correct a tendency to falsehood by placing right motives before the child.

Second. Correct a tendency to idleness by giving him plenty of work and in spring him with a wish to excel.

Third. Correct a tendency to rudeness by examples of gentleness.

Fourth. Correct a tendency to irregularity by showing him the advantages of promptness, and by the public opinion of the school.

Fifth. Correct a tendency to disobedience by kindness and firmness combined.

Sixth. Correct a tendency to profanity by precept and example.

Seventh. Correct a tendency to obscenity by watching his habits and by exalting in his presence everything which is pure.

Let all rules be made in moderation and discretion and then enforced conscientiously.

Avoid placing temptation in the way of the child. Study his home life in connection with his connection with his conduct at school. Be courteous to every pupil, no matter how rude he is toward others. Shield the virtuous from the influence of the vicious as far as possible. Have a care for the externals about the school; the fences and out-buildings should bear no mark which will bring a blush of shame to the face of any child. Vile suggestions are sometimes the beginning of great evil. System is an absolute essential. Without it order cannot exist, and where there is not order there is chaos and confusion and consequent failure. Grade your school carefully, then you will have a plan of work and corresponding success.—West Virginia School Report.

Market Letter.

Kansas City, Mo., Sept. 11, 1905:—

Immense cattle receipts and a trade to match the run were the features here last week. Prices declined 15 to 30 cents on everything except veal calves, which are 25 to 50 cents higher. Receipts were more than 80,000 head, cattle and calves combined, the heaviest here this year. Packers bought 38,500 for local slaughter, about 10,000 head were bought for killers at other points, and country buyers took the balance. Stockers and feeders of the medium grades declined more than any other kind, although the best finished corn fed steers came in for a loss of 20 to 25 cents.

The supply here today is 19,000 head, a decrease of 6,000 head from last Monday. The market is steady to lower on native fat steers, westerns and cows steady, stockers and feeders strong to 10 higher. The best steers sold at \$6.25 last week on Tuesday, but the limit today is \$5.50, with good hard fat steers at \$5.40 to \$5.70, and fair to good ones \$5.00 to \$5.40. Westerns lost the first of the week, but sold a shade higher Thursday and Friday. These cattle are killing out very good now and are desired at the price, \$4.00 to \$4.75, with lighter weight steers, medium to poor in flesh down to \$3.25. Not enough dry lot heifers are coming to count much; they sell at \$4.00 to \$5.00. Grass she stuff ranges from \$2.25 to \$3.00, canners \$1.60 to \$2.10, top veals today, \$6.50. Majority of the stockers and feeders sell at \$3.00 to \$4.00, stock calves \$2.75 to \$4.00, stock she stuff \$1.80 to \$2.65.

The hog market averaged a loss of 38 cents last week and 23 cents the week before, a break of 61 cents in two weeks. Receipts were larger last week, as shippers were advised to let everything come that was ready, there being little or no prospect of any better prices for some time to come. There was a slight re-action at the last of the week, but market is 5 to 10 lower today, top 5.45, bulk of sales 5.25 to 5.40. Heavy hogs and medium weights now lead, lights 5 to 10 cents below the top.

Mutton prices held nearly steady last week, lambs declined 15 to 25 cents. Most of the stuff is from Utah and country buyers are getting a good many sheep and lambs. Prices on their kind are steady and the demand for all kinds is strong. Best lambs sell at 6.50 to 7.25, wethers and yearlings 4.80 to 5.35, ewes for slaughter 4.30 to 4.65, country grades 3.75 to 4.60, for sheep lambs up to 5.75. Supply today 13,000, market 10 lower.

A little forethought may save you no end of trouble. Anyone who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale at Kerr's drug store.
