**Senatorial Convention.**

A republican delegate convention is hereby called to meet at the Murphy hotel, Table Rock, Pawnee county, Nebraska on Monday, October 9th 1905 at 3 o'clock in the afternoon to place in nomination for said first senatorial district, to fill vacancy for the first senatorial district of Nebraska.

The chairman and central committee of the several counties in said first senatorial district are requested to name delegates to attend said convention.

The basis of representation of the counties in said convention shall be the votes cast for Hon. H. H. Wilson for president, elector at the general election, held on November 8, 1904, giving one delegate for each one hundred and twenty-five votes or major fraction thereof so cast for said H. H. Wilson and one delegate at large for each county.

Said apportionment entitles each county to the following representation in the said convention: Pawnee 15 and Richardson 21. It is recommended that the delegates present in said convention cast the entire vote of their county for these delegates.

By order of the senatorial committee for the first senatorial district of Nebraska.  
J. C. DORR  
JOHN W. POWELL.

The Tribune believes that V. G. Lyford is the most competent man ever nominated for Regent of the state university in the history of the state. His election is of course assured, but it would be the nice thing to do if this county should give him a large vote. Your ballot will neither elect nor defeat him, but it would serve the interest of home pride if it was counted on the right side.

The name of J. R. Wilhite is associated with the probate history of Richardson County, and no official act of his has ever required an explanation. The property rights of the widows and orphans are in safe hands with Wilhite in the county Judge's office. Many local democrats will vote for him solely because of his competency and experience. The office of county judge is far too important to justify experiments. Be sure you are right, then go ahead. If in doubt, vote for Wilhite.

Jake Janner has nearly recovered his old time vigor and will soon be at work again. The friends of Mr. Tanner have not been inactive during his temporary disability, have been hard at work in his interest as a candidate for treasurer. Very few young men have the friends that Mr. Tanner has, and very few young men are as deserving. In every position of life Jake has measured up to the full requirements, and as county treasurer he will make a worthy successor to Martin Zook whose administration will be the standard for years to come.

Prof. R. L. Hoff will receive practically the unanimous vote of teachers. His fitness for the position is recognized and acknowledged by those most competent to judge and is disputed by no man. There was some question for a time concerning his republicanism, but the facts have dispelled all doubt. Mr. Hoff voted for McKinley in 1896 and has been voting the republican ticket ever since. In fact he contributed more to the election of President Roosevelt than most of us, as both he and his wife voted for him, they being residents of Wyoming in 1900. He is not a politician, but he is an accomplished educator and as such will serve the people very acceptably as Superintendent.

**RULO.**

John Caverzagie is on the sick list this week.
