

Public Sales.

Do not overlook the advertisement of the big dispersion sale of Wm. Ernst & Sons, published elsewhere in this paper. The sale will be one of the best ever held in the state and will occupy two days. Splendid offerings of Hereford and Shorthorn cattle, Percheron horses and Duroc-Jersey swine will be made. The dates are October 19 and 20. Read the ad.

Breeders interested in Duroc-Jerseys are looking forward to F. W. Wittrock's sale to be held in this city Saturday, Oct. 28, at the Metz pavilion. Mr. Wittrock has the best blood lines in this breed and has aimed at the top from the start. His herd headers include Red Duke of Falls City 30267, Royal Joe 32965 and Lord Goldfinch 29369. It is evident then, that at this sale, something good will be offered.

H. C. Wittrock and W. F. Rieschick promise an offering of something good in the way of Poland-Chinas at their sale to be held at the Metz pavilion in this city, on Saturday, October 21. Those acquainted with the Poland-China strain of hogs, need only to be reminded that Messrs Wittrock and Rieschick bred from such animals as Humboldt Lad 37441, Longfellow 36582, Nemo Dude 36178, Royal Chief 35825, Corrector 3d 36177. It is evident that they have the stuff and buyers are not likely to lose sight of the fact.

Among the important public sales announced for the near future, is that of Lionberger and Gilliland, to be held at the sale pavilion at Humboldt, on Saturday, October 7. These two prominent breeders make a combined offering of thoroughbred Poland-Chinas. These herds are headed by such individuals as Oakland Chief 30867, Major P. 35286 and Socialist Expander 36988. Both Mr. Gilliland and Mr. Lionberger have established reputations as Poland-China breeders and the public may rest assured that they will offer something good at the coming sale.

A combination sale of Poland-Chinas to be held at Columbus, Neb., on October 16, will attract attention of breeders from all over the state. The offering will be made up of consignments from the herds of the Cedarbank Stock Farm, Fullerton, Neb., H. C. McGath, Clarks, Neb., and Fred Wille, Columbus, Neb. When it is considered that these herds are headed by Peter Sterling 63535, Proud Chief Perfection 82593, Searchlight 91896, Logan Chief 92125, it will be seen that these gentlemen are breeding for tops and can offer something that will attract the attention of the most fastidious buyers.

The Little Homestead.

The scene of "The Little Homestead" the sterling rural drama from the pen of W. B. Patton, author of the Minister's Son, which will be the bill at the Gehling on Saturday, Oct. 7, is laid in a New England village. All of the homely down east environments surround the pretty and thrilling story, lending the needed touch of realism to a chapter taken from life. The interior of the little homestead itself is a faithful portrayal of many another New England home made dear to memory. The storm scenes of the New England winter and the blizzard are strikingly realistic. The attention which has been paid to details in mounting the play, has added much to its charm and has been a material factor in its success.

YOUNG MEN'S CLOTHING: IT LOOKS GOOD AND WEARS GOOD, TOO

The quality of the Clothing we offer is constantly improving, this year's

being better than last and last year's better than the year before. But we are never satisfied; we demand continual progressiveness. Many a maker has found out to his sorrow that clothes which appeared good enough to satisfy so-called high-class retailers could find

no place in our carefully selected stock. We are very particular, but we are enthusiastic about the clothing we are selling; we know the many hidden details which go to make our line of clothing the best in the country.

**LAND SAKES ALIVE****LOOK HERE**

If you are interested in land, here it where you get your real bargains. I have a great many bargains that you cannot afford to miss seeing and in order that you may become somewhat acquainted with the descriptions, I will endeavor to describe a few of them. The descriptions here given are no specials picked out for this special purpose to attract your attention or for the purpose of advertising, but are only a few of the hundreds of bargains equally as good.

No. 3—160 acres six miles from Long Island, Kan.; 130 acres in cultivation and lays smooth and in one body; balance rolling land and in pasture. Improvements are nearly new and cost over \$2,000. School house 3/4 mile from house; price only \$30 per acre.

No. 11—Half section of upland 3 miles from Long Island, Kan. 180 acres of this is in cultivation and there is 80 more that is nice and smooth and could be farmed if desired, and leave the pasture land all in one body, and leave the cultivated land all in one body; all fenced and cross fenced, good frame house with plenty of room, good frame barn and well and windmill and tanks—a dandy good farm and is off the market after Oct. 10; price only \$20 per acre.

No. 153—240 acres, 160 in cultivation, 80 in pasture; a good frame house 28x28, two stories, small stable, other suitable outbuildings, good well, tanks, lead pipe, etc; pasture fenced; 7 miles from Beaver City, near school; price \$25 per acre; time on part of it at reasonable rate of interest.

No. 201—160 acres in cultivation, 60 acres in pasture, garden and trees. Good frame house and suitable outbuildings, including stable, etc. Quite a lot of fruit trees and small fruit in bearing. G. H. FALLSTEAD**The Biggest Savings**

are not infrequently made on items on which most people think that saving is impossible. All coons look alike, and all different grades of coal look alike to some. That's the trouble. The impurities are the same shape and are just as black as the coal, but they give off no heat. Our coal is all coal—honest coal. It's use will make a big saving for you if you have been buying any other kind.
