

LOOK—LOOK

We carry the best stock of Lumber in southeastern Nebraska and our stock is complete and up-to-date. We want you to call and examine our stock and get our prices before buying elsewhere. Our motto is to give you what you call for. I would like to see all of my old customers come back and talk old times. We carry in stock all kinds of building material, posts, poles, sewer pipes, drain tile, brick, cement, ladders of all kinds, shingles and everything necessary to build a house, barn, fence or corn crib. We also carry a complete stock of coal, both domestic and steam coals at the lowest market price.

Come in and take a look, also shake hands with us and renew our old acquaintance and make new purchases. And remember that C. H. Rickards, the old lumber dealer of Richardson county is doing business for the

Chicago Lumber & Coal Co.

Educational Department

Conducted by County Supt. Crocker

Dist. 101, Gertie M. Robinson teacher. Our school is getting along nicely with an enrollment of 14.

Dist. 53, Edith Kearn teacher reports that they are getting along nicely with an attendance of 30. The length of the term is nine months.

Miss Verna Vastine, whom most of our people know, has charge of the primary work in the Haigler, Nebraska, school. She is well pleased with her work there.

Dist. 13, Maggie Fergus teacher. Our school is progressing nicely. We have a nice supply of kindergarten material purchased lately. We believe we have one of the best school boards in the county.

Dist. 17, Mrs. J. R. Strains teacher. Our enrollment is 22. The first month's average attendance 17. The fourth and sixth grades are not represented and we have only one pupil in the seventh. We have a class of seven beginners. Several of our pupils do splendid work in drawing.

Dist. 15, Pearl Cunningham, teacher. Our enrollment is 11 with three beginners. The attendance is good. Only three were tardy and one absent the first month. Those neither tardy nor absent during September are, Florence Ellinger, Earl Johnson, Dorris Mason, Willie Ellinger, Peter Ellinger and Lester Vandeventer. Our school house has been nicely plastered and papered. The yard has been mowed and we have new books. We are busy making collections of seeds now. We already have thirty different kinds. Week after next we shall begin making a collection of soils.

Report of Pioneer school, Dist. No 5 for the month ending Sept., 29, 1905. Number of pupils enrolled 21. Number of days taught 20. Average daily attendance 20. Those neither absent nor tardy during the month: Eliza, Eddie, Teddy and Artie Gebhard, Susie, Howard, Ruth and Margaret McBride and Arthur, Archie, Tommie and Grace Hawley and Effie Evans and Carroll Lewis and Dean Higgins. Blanch Higgins was not absent but tardy once, Alberta Evans missed but one day.—Cora E. Higgins, teacher. Our school house is fixed very comfortably, the walls and ceiling are nicely papered, new shades at the windows and a new porch.

PRESTON SCHOOL NOTES.

Enrollment in the principal's room 27, in the primary 43. Our work is starting out in fine shape. We have seven in the eighth grade who expect to complete the work this year. While the Preston schools are doing splendid work in every line they are doing especially strong work in penmanship, a subject which is too often slighted in our schools. Twenty minutes is taken for writing each day and about seven minutes of this time is devoted to movement exercise. A specimen of each pupil's writing is taken at the close of each week and kept by the teacher. Thus the progress of each pupil can be definitely noted from time to time. Two prizes are offered: one to the pupil whose work shows the most improvement at the close of the term and one for the pupil who is judged the best writer. The judge will be Prof. M. Palmer editor of the Western Penman, Cedar Rapids, Ohio. The following pupils in the higher room were neither absent nor tardy during the month ending September 29.—Elmer Wilson, Elsie Wilson, Sadie Daeschner, Harry Meyers, Earl Ford, Evelyn Snelly, Millard Maddox and Anna Pribbeno.

Look Ahead.

Of course, your school will give some exercises celebrating Thanksgiving day now, why not have a little school fair on Thanksgiving day or day before Thanksgiving? Have the pupils give a short program, songs and recitations, but, have the principal feature of the exercises be the school fair. Offer some nice little prize, say a book, for the best specimen of writing to be exhibited by a pupil attending school. Offer a new tablet to the pupil whose drawing is judged the best. Get the school board to offer prizes. Offer a prize for the largest ear of corn, the largest pumpkin, the best loaf of bread baked by one of the school girls the heaviest dozen of eggs, etc. This is only a suggestion. Can you not work it out? The successful teacher must necessarily be an inventor.

SHUBERT SCHOOL NOTES.

You! You! You and I!
Shubert! Shubert! Hi! Hi!
N—E—Bras Ki.

Oh my!

You can buttin, I don't think.

We are it. Zap! Zap! Zink!

Can we win? You bet we can.

Shubert! Shubert! Blue and Tan

Prof. Geo. R. MacDonald will conduct an educational column in the Shubert Citizen. The board of education have adopted a course of study. It is a good one.

Here is a splendid rule, "All pupils who intend to begin work in the kindergarten and primary department must be in attendance the first week of school and begin classes, otherwise, kindergarten pupils coming in later will be required to remain at home until January 2nd when another beginner's class will be started."

The Shubert schools will maintain a lecture course during the year.

The following may serve to interest those who like to see the progress of other schools besides their own.

The school Dist. 102 opened Monday, Sept., 11. Prior to this year there had been but three teachers and only nine grades. This year a reorganization was added, also the tenth grade. The Principal's salary was raised from \$55 to \$65 per month. A janitor was elected and a six member board of education. The school building was renovated from top to bottom. A new coat of paint was put on all the work and also the ceiling and walls. An entire set of new desks was added for the use of the principal's department. Curtains were furnished in all the rooms, the floors oiled and a book case put into each room. The principal's room was furnished with an elegant new desk which cost \$20. New blackboards were installed and an entire set of new stoves. Instead of the old single flues there was added a large one for all the rooms in one. The outbuildings were fixed up. New walks etc, laid.

The park was trimmed and pruned and fixed in nice shape.

The largest attendance the school ever had was 135. It has raised to 140 this year which is a goodly percentage of the entire census of the district which was only 146 at July 1, 1905.

The school has a good reputation for advancement as the non-resident attendance is large and reached a tuition mark of \$20, the first month at \$1.25 and \$1.50 per month. It has assumed such proportions now that the board has voted the exclude all further entrances from other districts on account of the congested conditions of the different departments.

Miss Minnie Jones the pri-

mary teacher has the first and second beginners grades. She has held her position now five years.

Miss Amelia Nusbaum has the third and fourth grades, and has been in her position going on three years.

Mrs. Eva MacDonald has the fifth, sixth and seventh grades.

Geo. R. MacDonald the eighth ninth and tenth grades. Mr. and Mrs. MacDonald are teaching their first year at Shubert but their ninth year, as instructors in the public schools of Nebraska. The entire corp of teachers seems to be giving satisfaction.

The public is cordially invited to visit them at any time.

The athletic division of the High school is fast gaining a reputation. The boys have a fine ball team and a young ladies have a basket ball team and a drill company of both young men and women with rings, Indian clubs etc, will be features of the next county field tournament. The long distance run 100 yard dash, hammer throw, shot put, broad jump, ball throw and minor feats are or will be contested next spring.

The board of education consists of the following citizens: Dr. W. E. Shook, Secretary, F. W. Colglazier, Moderator, H. E. Williams, Treasurer, E. W. Imter, L. M. Weddle and C. A. Lord.

The Barada Reading Circle met last Thursday evening.

The quarterly report cards and test questions will soon be ready to send out.

The Falls City Board of Education have employed Prof. Richardson for half time to teach vocal music in all the city schools.

Dist. 30 Earl Butler. Our winters fuel is all in. Some repairs have been made. Vacation begins Oct., 20 and last five weeks.

Remember the Richardson County Teacher's Association will be held in Falls City, Friday evening and Saturday, Nov, 10th and 11th.

Dist. 51, Mary E. Wiltse, teacher. We have 43 pupils enrolled. All are taking a keen interest in the work. The attendance is good.

Miss Cora Botts has recently been offered positions in Beatrice, Lincoln and Lead, South Dakota but she has decided to take a vacation and is at present visiting relatives in California.

The Salem Reading Circle met last Thursday evening. The next meeting will be held Thursday evening, Oct, 19 at the home of Miss Florence Jones. All teachers of Salem and vicinity are invited.

Each school should have good well. If not a fresh bucket of water should be furnished each morning and noon. The bucket should be clean too. So should the drinking cups. In fact each pupil should have a private drinking cup. Remember disease germs linger in many of the drinking buckets and cups, they should be scalded each day.

Dist. 34, A. L. Kuisly, teacher. The past is gone the future may not come the present is all the time that is yours, improve it. And now that the first month is in the past we will use it as a guide to lead us to better success in our present month and hope for stronger and better work in the future. Our school enrollment is thirty three all are manifesting a good interest in every line and especially in music and penmanship which requires much drill and practice. We have new window curtains and some new supplies for which we are very thankful. All are looking forward to a profitable years work.

Dist. 75, Ethel Barker, teacher. Our first month closed Sept 29. Enrollment 37. We have six beginners. We have five eighth grade pupils who hope to complete the work this term and receive common School diplomas: the board supplied us with plenty of material with which to work.

If should be remembered that all pupils applying for common school Diplomas next spring will be required to pass a satisfactory examination in the Elements of Agriculture. The book recommended and adopted is "Elementary Agriculture" published by University Publishing Company, Lincoln, Nebr.

Dist. 24, W. J. Cavin, teacher. Enrollment 25, one more than last year. All grades except the 8th are represented. Our pupils are interested in athletics. The boys play base ball and the girls play basket ball. We hereby challenge any country school for a game of base ball. Next spring we shall offer a challenge for a basket ball game. We also challenge any country school for a spelling and ciphering match.

Dist. 35, Elizabeth Thomas, teacher. We have just finished our first month of school in district 35, and now have things moving smoothly with 24 pupils enrolled. The names of those who appear upon the roll of honor for the month ending Sept., 29, are Loretta Cross, Marguerite O'Donnell, Charley O'Donnell, Curtis Ramsey, Johnny Rothenberger and Dean Snethen. We have about the best equipped country school in the county. Our supplies include maps, charts, a good library and several fine pictures adorn our walls. We have our daily program also the Rules and Regulations, tacked up in the school room. Our eighth grade consists of four pupils two who are reviewing the work and two who expect to finish this year. Three little ones are coming to school for the first time.

If you do not believe in the religion of our fathers you ought to. If you are not satisfied with the investigations, the experience and the testimony of philosophers, students, statesmen, ministers and martyrs it is well worth your while to investigate for yourself. As eternity is longer than time just so much more important to you and to mankind is this topic than any that pertains to this life alone. Christianity is the religion of the civilized world. It is the religion of sages, of thinkers and of sentimentalists. It appeals to all the higher senses. Its importance, its duration and steady growth for nineteen hundred years, its intimate and inseparable relation to civilization and education, and its following among the greatest minds of all ages, entitle it to at least serious thought and candid investigation. Certainly no one is so wise and erudite that he or she can ignore it or cast it aside with a jest or sneer.—York Times.

A Falls City girl went out into the country to teach school. On the second day one of the youngsters became unruly but the teacher promptly took off her switch and chastised him.

The prettiest girl in the high school is in love with the ugliest boy. They always walk down town together at noon and the contrast is something fierce.

Some Seasonable Advice.

I may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Kerr's Drug Store.
