

THE FALLS CITY TRIBUNE.

CONSOLIDATED WITH THE HUMBOLDT ENTERPRISE, JUNE 23, 1905.

Vol. II FALLS CITY, NEBRASKA, FRIDAY, NOVEMBER 10, 1905. Whole No. 96

Will Charge Interest.

County Treasurer Zook says that interest will be charged on personal taxes after December 1st in accordance with the law. The law is very plain on this subject and the treasurer proposes to obey it to the letter.

Stella Man Killed.

The body of Newton Hodge who was killed in an accident at Colorado Springs was brought to Stella where the funeral was held Monday. Mr. Hodge had lived near Stella for a long time, but two years ago removed to Colorado. He was well and favorably known to many people throughout this county.

Railway Meeting.

A meeting of the Nebraska incorporators of the Falls City, Sycamore Springs, Sabetha & Southwestern Ry. Co., was held at the council rooms in this city on last Saturday afternoon. At that time the officers and directors were selected and on Monday a similar meeting was held at Sycamore Springs and at this latter meeting the formal election of officers and directors took place. The result of the election was as follows: President, Joseph H. Miles, Falls City; first vice president for Nebraska, Edwin S. Towle; first vice president for Kansas, E. V. Kauffman, Sabetha; treasurer for Kansas, Roy Hesseltine, Sabetha; treasurer for Nebraska, W. E. Dorrington, Falls City; secretary for Nebraska, E. H. Towle, Falls City; secretary for Kansas, A. J. Collins, Sabetha; chief engineer, Geo. L. Campen, Lincoln; attorney, W. A. S. Bird, Topeka. The directors for Kansas are: Chas. McGuire, Hamlin; Jacob Lichty, Morrill; J. T. Slusher, Bern; E. V. Kauffman, Sabetha; Roy Hesseltine, Sabetha; Dr. H. Reding, Sabetha; A. J. Collins, Sabetha; W. A. S. Bird, Topeka. The directors for Nebraska are: J. H. Miles, E. S. Towle, Samuel Wahl, W. E. Dorrington, W. H. Crook, Samuel Kimmel and Albert Maust, all of this city.

The contract for the survey was awarded to the county surveyor of Shawnee county, Kan., and it is expected that work on this survey will begin within the next thirty days.

The promoters are meeting with splendid success in the preliminary work of securing a right of way. Many who own land along the proposed route are willing to give the right of way and when the road is built a station will be built at Sycamore Springs and another about halfway between the springs and this city—probably in the neighborhood of the McGuire farm.

Every indication points to the early building of this road and it is gratifying to know that the promoters are meeting with substantial encouragement.

Sorosis Club Meets.

The Sorosis club met with Mrs. T. J. Gist on Wednesday afternoon. Sixteen members responded to roll call. During a business session, the club decided to extend an invitation to Mrs. Southwick, of Boston, for an evening's entertainment. Mrs. Southwick will be remembered as the lady from the Emerson school of oratory who read here two years ago. The afternoons programme consisted of interesting papers on the following subjects: The Life of John Paul Jones, by Mrs. Fast; Civil Service by Mrs. P. H. Jussen; and Municipal Reform, by Mrs. Geo. Jennings. Mrs. Gist played two fine instrumental selections at the close of an unusually pleasant afternoon. Dainty refreshments were served.

The Election

The election on last Tuesday resulted in a complete victory for the republican state ticket. Judge Letton won by a plurality of about 17,000 and V. G. Lyford and Fred Abbott were elected regents of the university by about the same figures. Judge Letton gained over Judge Barnes two years ago and the result in general is very satisfactory to the republicans. Mr. Lyford one of the newly elected regents resides in this city and since the election has been kept busy accepting the congratulations of his friends. The campaign throughout the state was marked by considerable apathy and a big republican victory was certain from the start.

But in Richardson county there is a different story to tell. It was a complete democratic landslide. The campaign was conducted quietly but how well the work was done is told by the figures in the accompanying tabulated statement of the vote.

While it was admitted by the republicans that in some instances the contest would be very close but few were prepared for the avalanche that came. The entire democratic ticket was elected with the exception of the coroner. The democratic leaders are much elated but are appropriating credit that does not belong to themselves. A close study of the figures show that they had abundant valuable assistance from the outside. Concerning these things, it is not necessary to go into details. Those familiar with the political situation can figure it out for themselves.

The day passed very quietly in Falls City. The vote was about normal and nothing of interest occurred until the beginning of the count in the evening. Then the handwriting soon appeared on the wall in

big lurid letters. A straight ballot was a curiosity and men seemed to have studied ways and means by which they might cut their ballots into all kinds of fantastic shapes. Temporary republican headquarters were opened at the telephone office and Supt. Crocker presided at the phone breaking the news as gently as its nature would permit. Democratic headquarters were at the law office of Edwin Falloon and there Mr. Falloon, Clarence Gillespie, Dave Brannin and W. S. Leyda held open house and congratulated the successful candidates as they dropped in from time to time. By midnight the result was pretty generally known and the crowds at the headquarters and the polling places disappeared and the next morning the sun came up as usual and the old world moved in the same old way and another election had become history.

Falls City Flour.

A house to house canvas of Falls City is being made by agents selling the Gold Medal flour which is manufactured at Minneapolis, Minn. While these agents have not been guilty of misrepresentation, some Falls City housewives have bought the flour under the impression that it is the product of the Falls City mill. This is a mistake that should be carefully guarded against. The brands made at our home mill are Magnolia, Sunflour and Crown and purchasers of flour should see that they get one of these three brands. This is the only way to build up the mill and the building up of the mill means a great deal to the town. In all other instances where it is possible to buy home made goods, similar precautions should be taken.

J. S. Lord came down from Salem on Friday last.

Died.

J. G. Schmidt died at his home in Arago last Sunday at the age of 77 years.

The deceased was born in Saxony, Germany, and came to New York in 1854. In 1855 he emigrated to Nebraska and located in this county. Thus Mr. Schmidt became one of the pioneers in a new country, and during the years of his long residence here had made many friends to whom his death has brought genuine sorrow. He is survived by five children, Mrs. I. N. Lyon, of this city, Geo. Schmidt and Mrs. Geo. Fisher of Arago, Henry Schmidt of Rulo and Fred Schmidt of Omaha.

The funeral was held on Tuesday and there were many present to pay their last respects to their old friend and neighbor.

Friends in Council.

The members of the Friends in Council chartered a hack last Friday eve and drove to Verdon where they were entertained by Gertrude Lum. The following interesting program claimed their attention:

Roll call—Quotations from Bryant or Irving.

Sketch of Bryant, Grace Saylor Thanatopsis, Jessie Barry.

Irving's place in Literature, Gertrude Lum.

Reading from sketch book, Miss Miller.

After the program refreshments were served by the hostess and were enjoyed by all.

Initiation.

The local camp, number 610, Knights & Ladies of Security, held a most enjoyable meeting last Thursday evening, when fifteen members were taken into this camp. A well rendered program and a splendidly served supper helped make the evening one of pleasure.

S. L. Ryan of Hiawatha was looking after business interests in this city on Saturday.
