Our merchants seem to vie with each other in the matter of window displays and general decoration. A large number of business houses in this city are decorated worthy of much more pretentious and larger place which shows the spirit and push that endow our business men.

If it is not as easy to say a good word for every worthy effort that will add business or a better feeling in the town you call home it is certainly much more manly to do so. All communities have their petty differences and if you are looking for the Garden of Eden you will certainly be compelled to change your courses. A "beef" and "kicker" will never reach that point.

MOORE'S PHARMACY

AN OPEN LETTER TO Whitaker Bros.

ABILINE, KANS., Dec. 6, 1905.

WHITAKER BROS.,
 Falls City, Nebraska,

GENTLEMEN:—We have just listed one of the finest farms of 640 acres, in this part of the country. It lies just across the county line over in Ottawa county. 350 acres under plow, balance in fine pasture and meadow, good new buildings, plenty of fine water, well fenced, price \$25 per acre, 1/2 cash, 10 years time at 6 per cent. Please tell Mahlon Beachy to come at once and take this at once and take this as it is one of the best bargains to be had and will not be on the market long at this price.

The entire 640 acres is a beautiful tract, can see a dog on any part of it from either corner. Now if you can get Beachy to come down and see this I will take my chances of selling him this section, for good Lord think of it, only paying 1/3 down, and he will make \$20 per acre within two years, as I have \$200 cash pocket that I will wager that the man that buys this section at the above price will make \$20 per acre within two years. If you have a friend that wants a bargain have him come a running. Respectfully yours,

E. KIME

This Mr. Keim is a brother-in-law to Mr. Beachy and is well known to many of the people of this and Brown county Kansas. The above is surely a bargain, as we know the country is fine in which this is located, in fact there is a scope of country near Talmage that beats anything in Richardson county. Call and see us and get a list of these lands.

Workmen left a good head of steam on a traction engine they had been using on a wood saw in the lower part of town Tuesday. Some of the youngsters about town in a spirit of sport attached a string to the whistle and about 9 o'clock the prolonged blast called fourth numerous citizens to note the cause. A majority thought of fire but Henry C. Smith contended that it was the first train over the Seneca extension to this city. Investigation soon discovered the true cause.

The Supreme court yesterday decided the case of Douglas vs Smith in favor of Smith and the case of Yoessel vs Rieger in favor of Rieger. The Tribune printed the brief for the successful party in each of these cases. It may be interesting to lawyers with briefs to print to know that The Tribune's Job press has yet to lose its first case. A word to the wise is sufficient.
