The Y. M. C. A. Move.

Assistant Secretary Simons of Lincoln was a Falls City visitor Sunday last.

In the afternoon a good sized audience gathered at the court house and he talked to them for an hour along the line of work done by the Y. M. C. A. in Nebraska. The facts and figures shown by him is certainly surprising and we are certainly glad to note the increased interest manifest in this noble work. The association is branching out from the city to the larger towns throughout the state and the work of saving many young men from the pitfalls that surround them in every walk in life, is being pushed with renewed energy.

In the evening other churches were closed and the M. E. church of this city was well filled with interested listeners. A pleasing feature was the song service at the opening by that splendid choir, together with a solo by Dr. Mathers.

Mr. Simons talk was similar to that of the afternoon in showing the work that had been done and the pressing needs of more vigilant care over the youth of our land. The pastors present pledged cooperation in every possible way with a united wish that funds could be raised for the establishing of such an order in this city.

Is it a wonder that our young men become wreckless as they step out into the stern realities of life and for the first time fully realize that it is now up to them to build their future. At every corner and almost every step they come in contact with vice painted in brilliant pastime, with a smiling face behind the scene and a hearty good morning as he steps up to partake of his first wine or play his first game of pool, etc? What is the picture on the other side? He has been accustomed to attend church when at home. He goes the first Sabbath, he likes good music and goes to the "big" church. He is ushered stiffly into a seat, no one speaks to him as he enters, no one gives him a passing notice as he leaves.

This is repeated for several Sabbaths and he begins to feel that he is certainly a stranger in a strange land and begins to look for more congenial companions and a warmer welcome. We do not pretend to say that this is the mission of the city church but are sorry to say that in too many cases it is true. Should our Savior call on some of them in this day and age we fear He would place the same condemnation He did upon the temple at Jerusalem. The Y. M. C. A. joins hands with every church and offers the social environments to the young man who is a stranger within their gates. He has the reading table, the library, the gymnasium, the bath, the glad hand, a word of warning and if necessary, assistance to employment. This brings the youth to sober thought and better things than the bar, the footlights and haggard, painted faces. It is a saving work and a worthy investment which the most skeptic will admit if they just reach your boy. Let us remember that we are our brother's keepers and the youth of today are somebody's boys, all worth saving and training for the duties that await the men of the future.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of hay fever with all its miserable symptoms," says Mr. J. S. Eggleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy adding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip."

It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by Kerr's drug store.
