

Now and Then.

Charlie Abbey is doing nicely and has been removed from the hospital to his home.

Falls City has a grand old man of 76 who beats the game of sausage and buckwheat cakes for breakfast every morning.

A good story is told of a local girl whose father is a grouchy old fellow in love with the good old times and out of sorts with everything young.

The dinner by the ladies of the Shakespeare club to their friends last Tuesday evening was as dainty and tasteful as one could wish.

This ice proposition is becoming serious. George Culp wears a worried look and Charlie Stanton is getting as thin as a rail from worry.

If the lady that baked the bread baked at the Methodist exchange last week should ever be in search of employment, she can learn something to her advantage by communicating with this office.

The world looked like a child's idea of Heaven last Saturday morning with the trees and shrubbery cloaked and swathed in snow.

Ed Howe says if you want to go to the Orient go to Honolulu but no further as it will be but a repetition.

Ned Towle nearly broke up a whisky party the other evening talking about the division. What he doesn't know about probabilities and possibilities isn't worth knowing.

This Tribune desires good correspondents in every part of the county. If you would like to see items from your locality in the paper we would be glad to hear from you that we may perfect arrangements to the mutual advantage of both.

The winter of 1906 is one that old timers will be talking of for many years to come. In the language of a distinguished citizen "it is the mildest winter I have ever seen and I've seen a hundred of them."

Are you reading "The Spenders" the continued story in The Tribune? It is becoming very interesting and will increase in interest with each succeeding chapter.

The local company has been saying that the proposition sub-

mitted by them was satisfactory to most of the subscribers of the mutual telephone companies but that their committees were misrepresenting the wishes of the subscribers by refusing anything but a toll station.

Alice and Nick are married and the bride is Alice in wonderland no longer. The Sunday papers were filled with glowing accounts of the happy bride the sun shone on.

The death of Con Reagan removed one of Falls City's oldest oldest and most respected citizens. There was a good deal of a man about Con.

Ed King, Eph Sandusky, Fred Kellar and Bob Cain are all equally elated because of the stub trains. The service will permit them to spend much more of their time at home where formerly they put in most of their time in other places or in making night rides to get back to their own firesides.

Nobody seems able to locate John D. Rockefeller who for several weeks has been mysteriously absent. They might try a Tribune want ad.

Mothers can safely give Foley's Honey and Tar to their children for coughs and colds, for it contains no opiates or other poisons.

Common Colds are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of.

Lame Back.

This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this does not afford relief, bind a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow. For sale at Kerr's Drug Store.
