SHELDON FOR GOVERNOR

With the retirement of Mortensen and Jessen as candidates for governor the sentiment will naturally drift towards George Sheldon of Cass county.

Mr. Sheldon is a young man of acknowledged ability and sterling integrity. He has been a member of the state senate and his record is one of constant service to the people. His candidacy will doubtless be strenuously fought by the great public service corporations which he has so earnestly combated in the past, but the people, whose faithful servant he has always been, will see that he does not suffer because of his fidelity. Jessen would have been a candidate if Sheldon had not announced himself, but because of the friendship existing between the young men, and because of the fact, as Jessen recently wrote to a Falls City friend, that they both stood as representative of the same brand of politics, he considered it unwise to divide the forces of reform between two candidates when the opposition would be united. He therefore withdrew in favor of Sheldon and is now supporting him with all the zeal he possesses.

Richardson county should instruct for Sheldon. Of all the candidates he is pre-eminently fitted for the place, both by character and ability. His election would be assured and his administration would redound to the credit of his party and to the advantage of the state.

The News and the World Herald seem to have joined forces with the railroads in an effort to defeat Norris Brown for Senator. Of course it is not a democratic fight, but these papers are devoting considerable space in an effort to discredit Mr. Brown because he has not accomplished more. If the News had an earnest desire to work in the interest of the people it would at least remain silent in this struggle between a young man who has nothing but his ability and his integrity with which to wag was on the one side, and the power and influence of every great railroad on the other. Norris Brown is being fought by these interest because he compelled them to do what you and I and every other good citizen has done, to-wit, pay their just taxes. These railroads are saying to their adherents, "anybody but Brown," and the democratic newspapers that are always long on promises and short on performance have taken up the cry and are saying "anybody but Brown." "What has Brown done?" they ask. He has beaten the railroads in their ill advised attempt to escape the payment of thousands of dollars in taxes; he has utterly destroyed the grain trust; he has worked from early morning until late at night, day after day in the service of the people, not for his miserable salary, but from a sense of duty and responsibility. He has accomplished more in the 18 months he has been Attorney General of this state than all the democratic Attorney Generals the state has ever had. If he were sent to the Senate there would be no question as to how he would vote on the railroad rate bill or on any other question affecting the people's interest. Everybody knows this, including The News and World Herald. The railroads know it, and that is the sole reason for their opposition to him.

Mr. Brown may be beaten, but the cause which he espouses as well as Mr. Brown himself has many friends throughout this state, and if you are interested just take a seat in the bleachers and you will see one of the best fights of your life before Brown goes down and out.

Francis Withee of Stella attended his thirteenth meeting with the county Assessors at their annual meeting last Friday. During his long residence in this county he has been elected assessor from his precinct, thirteen terms. This speaks well of his merit and the esteem in which he is held.

A half million coal miners went out on a strike Sunday. In as much as April is here the strike won't cut much figure with Falls City people. But just wait until Bill Leyda, Dr. Reneker and the rest of the Pirate Mine Company's head push get their shaft down and their picks started, then a coal mine strike will scare us to death.

At the Friday night meeting the following officers were elected for the government of the Elk lodge for the ensuing year. Simon Davies, Exalted Ruler; Rev. H. B. Smith, Leading Knight; George Hall, Loyal Knight; Ed. King, Lecturing Knight; Bert Reavis, Secretary; Bert Baker, Treasurer; George Schmelzel, Trustee; and Will Hershey Tyle. Under this efficient corps of officers the lodge looks forward to a very prosperous year. It has grown wonderfully since its organization and is now regarded as one of the best lodges in the state. The odds will serve a supper to the evens tonight as a result of losing the new membership contest.

Half the battle is good digestion and a clear conscience.

The Falls City business man that sends to other towns for stamps should be compelled to send to other towns for trade. Falls City should support no one who refuses to support Falls City.

The statement made in The Tribune concerning the fruit prospect meets with denials from several sources. The statement is made that all budded peaches are winter killed but that the seedlings will bear fruit.

A canvass back duck aided and abetted by a little currant jelly and a bit of oyster dressing, mashed potatoes and giblet gravy a salad with a little of Spring green in it, a cup of coffee and a "social smoke" is the best remedy for the Spring fever we know.

Word was received this week from Chas. Abbey that he is sufficiently recovered to return to his work. Mr. Abbey was well provided with accident insurance and his employers not only kept his position of business manager of the Washington Post open for him but presented him with a check for \$1,000. upon his return to work.

The style in girls is changing. Dr. Dudley Allen Stuart, professor of physical culture at Harvard and a recognized authority on such matters, stated in a lecture this week that the stylish figure would hereafter be the willow girl, and that the "Kangaroo" shape must go. The press dispatch stated that the ladies would act accordingly. If you have a Kangaroo shape concealed about your person put it in the grabage barrel and try a willow one or you won't be in it.

The Tribune likes an earnest man and a good fighter and Rev. Haskins is both. He was untiring in his efforts in behalf of the prohibition ticket during the late campaign and the vote it received is largely do to his efforts. His sermon on Sunday night was one of the most masterly addresses heard in Falls City in years. While there were many in all parties that did yeoman service for the respective candidates, we take our hat off to Rev. Haskins, the Dean of the guild.
