Quality in Children's Suits

THE remarkable development in the making of Children's Clothes is demonstrated here in a manner that admits of no dispute. Quality of material and thoroughness of workmanship are of course the dominating features, but aside from these the garments possess the utmost attractiveness, style and durability. We have selected our lines with much patience and care, only from those makers who progress daily and rise far superior to commonplace demands with every effort they make. Our exhibit is extensive, the styles correct, the fabrics pure.

The picture shows one of our Junior suits for ages 3 to 10, at the left; two Russian Suits, ages 2 1/2 to 8, in the corner; an Admiral Style, ages 3 to 10, at the right. The large Puritan collar of linen upon the Russian and the white pique front and cuffs on the Admiral, make these garments extremely neat. Prices \$3.50 to \$4

Also full line for Boys 7 to 17

**Hargrave & Hargrave
GOOD CLOTHIERS**

Opposite Post Office

Geo. Lee of Humboldt visited with Falls City friends on Sunday. He will leave in a few days for Spokane, Wash., where he will engage in the practice of law. His numerous friends in this county wish him unbounded success in his western field of work.

Master Neil Sloane was visiting his grandparents John Hossack and wife here the latter part of the past week.

Julia Rickards who has been visiting with her uncle, C. H. Rickards, for the past month returned Sunday night to her home at Cedar City, Utah.

How to Feed Stock

This is the question that interests every farmer. Experience has demonstrated that they require something besides corn and water. The larger per cent of food they can eat and digest the faster they will grow and fatten. This can best be accomplished by giving them some good Stock Food or something else that will increase the appetite and aid the digestion. I carry the

INTER-NATIONAL STOCK FOOD

Acknowledged to be the best on the market, which I can sell you at factory price.

A great many persons use Glauber Salts, Epsom Salts, Copperas, Sulphur, Resin, etc., and make their own Stock Food. I can give you very low prices on any or all of these if you can use them in quantities. I also have an excellent Dip and Dipping Tanks that I can sell you cheap. Please call and see me.
