## You Will Prosper in the Great Southwest

In Oklahoma, Indian Territory and Texas are vast areas of unimproved land—land not now yielding the crops of which it is capable. The same conditions apply to the towns. Few lines of business are adequately represented. There are openings of all sorts—for mills and factories, for small stores, for banks, newspaper and lumber yards. You have only to get on the ground to prove this. To enable you to do so the Missouri, Kansas and Texas railway offer

Rates Cheaper Than Ever Feb. 6th and 20th March 6th and 20th

On above dates most lines will sell both one-way and round trip tickets at exceptionally low rates. If your nearest railroad agent cannot give you the rates, write me for particulars.

If you're in any way interested in the Southwest, I'd like to send you my paper "The Coming Country." Address

W. S. ST. GEORGE, General Passenger Agent 550 Wainwright Bldg. St. Louis, Mo.

Tickets are on sale everywhere, via Missouri, Kansas and Texas Railway.

THOROUGH COURSES IN BUSINESS, SHORTHAND, TYPEWRITING, TELEGRAPHY AND PREPARATORY

Experienced teachers. Fine Equipments. Gymnasium work. Assistance in securing positions. Work to earn board. Individual instruction. Enter any time. Lessons by mail. Advantages of a capital city. Write for Catalogue No. 11 Lincoln Business College LINCOLN, NEBRASKA

he wants it and his qualifications therefor. What would the railroads have to say to the people in explanation of their opposition if they too should take the stump. It would be about like this "My dear people, we have been evading our taxes for years. The expenses of this commonwealth have been born for years by you. Mr. Brown has upset a time honored precedent and hauled us into court and made us whack up. No man who has no more appreciation of the rights of a railroad company can get to the senate from Nebraska and we are again him. You must select some other man, some man more dependable and who is not so radical. We do not presume to say whom, but we have a few favored railroad lawyers throughout the state and you can have any one of them you desire. We are always generous and willing to do the right thing in furnishing candidates and anything we can do for you in this line will be cheerfully done."

### How To Kill Your Town.

- Kill the churches.
- Burn you paint brush.
- Let the sidewalk run down.
- Let your property run down.
- Pick the newcomers to pieces.
- Knock on every new enterprise.
- Patronize the mail order houses.
- Find fault with the home paper.
- Kick on everything—everybody.
- Patronize stores that do not advertise.
- Put men into office who are failures.
- Throw your hammer and nails into the well.—Ex.

Barrels for sale that will make good rain water or slop barrels. Heck's feed store.

G. A. STEWART, Agent

## BINDER TWINE THATS MADE AT HOME

"IT'S NOT TRUST TWINE"

CJM

Other things being equal, you would rather not buy twine produced in foreign lands and controlled by a merciless trust. Here's the twine situation today: The only binder twine that is the product of American farms and the only twine not controlled by the trust is

### American Hemp Mixed Twine

It is stronger, smoother, longer and binds more bundles than any other twine you ever saw. And that is not all. Grasshoppers and crickets do not eat it and dampness does not rot it. Because of the extra length you can bind a thousand more sheaves with every 100 lbs. bale. That's worth considering. No matter what kind of a binder you have, it works all right. Never slips the knotter, fewer untied sheaves. Fully guaranteed—costs no more than usual or standard.

It's the coming twine for all grain and corn binding. We're prepared to supply every body who wants this season. Come in and give us your order, so we can figure on the size of our shipments. We want to have enough stock on hand to supply all demands. Over one million pounds used in Nebraska for the harvest of 1905. Not a single complaint, not a ball returned.

Lininger Implement Co., Omaha, Gen'l. Agts.

Read Before Using

AMERICAN HEMP MIXED TWINE is warranted to work on any Wheat or Corn binder using twine. It runs 50 feet longer to the pound than standard, therefore a bale of 50 pounds will bind fully one thousand more bundles than a bale of 50 pounds of the best standard any farmer ever used. MIXED TWINE is insect proof; water or moisture will not rot it; it is absolutely free from large or small pieces, and is therefore very much THOROUGHER than usual or standard. Farmers who have never used MIXED TWINE should make the following test: Before starting your binder at the beginning of harvest, put in a ball of standard or usual twine, use it up, then COUNT the number of bundles that are bound and untied. Then put in the first ball of MIXED TWINE, use it up and count the number of bundles as before. The result will surprise you. Any farmer making this test will find that a ball of standard or usual twine will afterwards bind only AMERICAN HEMP MIXED TWINE.

### The Great Paper of the Great West

## The Kansas City Star

Everywhere recognized as the strongest and most reliable newspaper in the most prosperous region of the United States.

Wherein It Leads.

Its Unexcelled News Service embraces the continuous report of the Associated Press, with dispatches every hour; the general and special services of the New York Herald; the Hearst transcontinental leased wire service and special correspondence from THE STAR'S own representatives in Washington, D. C.; Jefferson City, Mo.; Topeka, Kan.; and Guthrie, Ok., in addition to the large list of news that comes daily from several hundred other alert representatives.

Its Market Reports and Comments have an authoritative value that causes them to be telegraphed to all parts of the United States the moment THE STAR comes from the press. No western man even indirectly interested in the value of food products, stocks and securities can afford to be without THE STAR'S daily record of prices and conditions.

Its Special Features include The Chaperon's column, in which are answered questions pertaining to beauty aids and social customs and affairs, a department for inquiries on other subjects and a wide range of miscellaneous articles throwing side lights upon the world's most interesting people and events—these in addition to a rigorous editorial page, absolutely independent politically, and a Sunday issue that is full of live special matter and human interest.

13 Papers Each week for 10 cents

The Kansas City Star was the first—and is still the only newspaper to deliver a complete morning paper, THE KANSAS CITY TIMES, to its subscribers without increase in the subscription price.

### FARGO.

The annual love feast was held at the German Lutheran church, Sunday June 24. A very large gathering was present, people came from far and near to enjoy the festivities of such a gathering, besides enjoying the pleasure of meeting friends and old acquaintances and listening to the able discourse that is always rendered by the pastor in charge. The gathering on this special occasion is always looked forward to with pleasure and when ever is looked back to with pleasant recollections, hoping for the hasty appearance of the next one. Along toward the noon hour the ladies spread the tables about the beautiful lawn underneath the fine shade trees and after all is prepared all partake of the bounteous feast which has been so beautifully and plentifully prepared by the best cooks of the neighborhood.

S. M. Randall's mother of Craig, Mo., came over to visit him the first of the week. Squire like the rest of us is glad to see mother come and does not enjoy the parting hour. How the heart of the man, (boylike it seems,) leaps when the news that mother is coming reaches us. Well, think what you may, mother is a true friend, in trouble, in joy and when grief is at hand, she only can solace the wounded heart.

John Fritscher and son Freeman hauled some fine hogs to the Preston market Saturday. Whenever the market becomes enticing John always has hogs to sell.

The Missouri river is falling again. The ferry men are again able to cross teams. The overflowed Missouri bottom lands are muddy and most of the corn on the lowest lands is killed.

Farmers near here are again beginning to market their last year's crop of corn. This fact goes to show that indications are favorable once more. It is pleasant to be able to truthfully remark that farm conditions are again quite promising and the past reports from all over have been largely overdrawn. Wheat was said to be nearly ruined but the fact is that all the wheat is fair. "Oats will not be a crop" they said, but it is another mistake a fair crop and in some cases they will be a fine crop. Corn looks well as a rule and is growing rapidly. Philip Werner has corn four feet tall and laid by as fine as is seen any year. Potatoes are somewhat hurt it is true but there are many potatoes larger than hens eggs and they too will be much more plentiful than fancied. The great Missouri Valley

never knew of a total failure on the account of drouth and it will be solace to all to remember it when conditions look unfavorable.

Fargo will celebrate the fourth in an excellent manner. Mr. Cunningham was a business visitor in Rulo the latter part of the week.

The citizens here are getting well interested in the boat and barge line project. They believe a boat line will be started between Omaha and Kansas City before many months pass by.

Wm. Bauman had business here the first of the week.

Emil Pfau is repairing his threshing outfit preparatory to threshing a 800 acres job of wheat for W. A. Margrave Preston.

G. E. Taylor of Bean creek had business in Rulo the last of the week. While carelessly handling a .38 caliber revolver Sunday Mattie Dannecker accidentally discharged the thing and it struck Balda Dennecker in the foot, tearing a large hole through the shoe. The bullet stopped inside the shoe. Dr. Henderson of Rulo dressed the wound and Balda is now resting easy.

The Farmers Mutual Telephone Co. held a meeting at the home of H. J. Kloepfel the last of this week for the purpose of ascertaining whether or not it is the wish of the Stock holders to join the Bell Telephone Company. Some were in favor while others were against the move. What was done has not yet been learned.

Ida, Ollie and Emma Zimmerman were in Rulo Saturday.

Wm. Baker and Wm. Record from north west of here attended the Rulo band concert Saturday evening.

C. H. Witte was attending to business in Falls City the latter part of the week.

Arthur and George Nitzsche were Rulo visitors the last of the week.

George P. Berger of Buffalo, New York who spent the last two weeks visiting at the homes of John Fritscher and John F. Paul left the first of the week to attend to his duties of an electrician at Oberlin, Kansas before he returns to his home in Buffalo.

Norris Brown is a young man of acknowledged ability, proven courage and unquestioned integrity. The railroads say he cannot receive the nomination for Senator. Brown is going to tell the people from the stump why
