

# HARVEST EXCURSION

TO

## BALDWIN COUNTY, ALABAMA

JULY 3 AND 17, 1906

On the above dates the Baldwin County Colonization Co. have arranged Harvest Excursions for Homeseekers from Falls City to Mobile, Ala. and return. Tickets \$29 with 21 days limit.

As I have accepted an offer from said company to accompany parties on these trips, I am prepared to give you all the information you desire and make arrangements so that you will get free transportation from Mobile to Elberta and free hotel service if you notify me a few days before excursion day. At this time you can see the growing crops and the ideal summer there. You can convince yourself that what I wrote in the Tribune about Baldwin county, a short time ago, is truthful. If you join our party you need not be afraid that you fall in the hands of unscrupulous land agents that are only after their commission and do not care whether you better your condition or not. I am no regular land agent with an office in town, but expect to move to Alabama this fall consequently can make but a few trips with homeseekers.

When you consider that Baldwin county lays between two big seaports and the opening of the Panama canal assured, you must conclude that this country has a bright future before it and a rapid advance in land is sure to come. I will be at The Tribune office each Saturday where you can see me about this trip, or write me either in English or German.

Very Respectfully,

**HERMAN KOEHLER,**

R. F. D. RULO, NEBRASKA.

### The Seedless Apple.

A few years ago a company was organized to grow and sell a newly (?) discovered Seedless apple. Through advertizing, reading notices and circular letters they attracted attention to this fruit and every nurseryman has had inquiries about it.

After careful inquiry we have this to say about the much boomed seedless apple, and we have our information from men who have examined and eaten samples exhibited by the producers. If a man wants to invest \$2.00 in a curiosity, a seedless apple tree may answer the purpose. But if he wants real worth for his \$2.00 he will do far better to invest in Ben Davis trees even if the trees were the same price. For some reason the Seedless Apple Co. are very reticent about the origin of the apple. Years before this company was organized we learned of a tree that bore apples without seeds, and we have very good reasons for thinking that that tree is the Company's original tree. We grew a few trees from grafts of this seedless tree to give to some friends interested in oddities but there was not quality enough in the fruit to recommend it for Orchard planting. The boomers of the seedless apple paint it in the most glowing colors, referring to the superiority of the seedless orange over the common orange etc.

We have seen several fruit tree men in our time that would not hesitate to spread it on awful thick if by doing so they could sell a million trees at \$2.00 each. Why I have even known them to do so for less money. Fruit men who have examined and eaten the fruit and also read the company's description, feel that if the fruit and the description should meet they would need an introduction. The Fruit Grower says, "Specimens of the apple have been cut by many disting-

ished pomologist who found that the variety was not seedless at all. Then the variety even were it absolutely seedless is of very poor quality according to those who have tasted it."

Many of the apples exhibited by the company are seedless but have distinctly marked Cereoid seeds will be found in many of the apples. The quality is without doubt nothing extra. As a curiosity a good many apples may have to be cut to find one without seeds. We hope none of the readers of this paper will invest in these trees without fully understanding the situation.

### Legal Notice.

 Notice is hereby given that G. W. Cox has filed his petition on May 24, 1906, signed by the requisite number of freeholders of the Village of Stella, Richardson county, Nebraska, asking that a license as a saloon keeper be granted to him to sell malt, spirituous and vinous liquors on lot 15, block 11 in said village for the municipal year beginning June 1, 1906, and ending May 31, 1907.

### Republican State Convention.

The Republicans of the state of Nebraska are hereby called to meet in convention at the Auditorium in the city of Lincoln, on Wednesday, August 22, 1906, at two o'clock in the afternoon, for the purpose of placing in nomination candidates for the following offices, viz:  
 One United States Senator,  
 One Governor,  
 One Lieutenant Governor,  
 Three Railway Commissioners,  
 One Secretary of State,  
 One Auditor of Public Accounts,  
 One Treasurer,  
 One Superintendent of Public Instruction,  
 One Attorney General,  
 One Commissioner of Public Lands and Buildings.

And for the transaction of such other business as may properly come before it.  
 The delegates shall be made up of delegates chosen by the Republicans of the respective counties of the state, apportioned one delegate to each square county and one for every one hundred family five votes or under fraction thereof cast at the last election for Hon. Dan W. Johnston, republican nominee for judge of the supreme court. Said apportionment entitles Richardson county to a representation of 16 delegates in said convention.

It is also recommended that the delegates to said convention be instructed to vote for or against the endorsement of the constitutional amendment relating to the creation of a State Board of Railway Commissioners, to the end that the action thus taken may determine the attitude of the party relative to said amendment and may be made a part of the ballot.

It is further recommended that no proxies be allowed and that the delegates present from each of the respective counties be authorized to cast the full vote of their delegation.

The various odd numbered senatorial districts are also notified that they will at the same time by their delegates choose members to represent them on the state committee for a term of two years.

It is important that the uniform credential blanks which will be furnished by the state committee to each county chairman be used for furnishing credentials of the delegates to said convention, and that the name of each delegate, his postoffice address, and precinct in which he resides, be plainly written thereon. Credentials should be prepared immediately after adjournment of the district county conventions, duly certified by their officers, and forwarded at once, to State Headquarters at Lincoln.

By order of the state committee:  
 WM. P. WARNER, Chairman.  
 A. B. ALLEN, Secretary  
 Dated at Lincoln, Neb., May 5, 1906.

### Cheap Farm Land.

Southwest Offers Best Opportunities For Securing Homes.

Many farmers in the Northern and Eastern states are selling their high priced lands and leaving in the Southwest. Many who have been unable to own their homes in the older country are buying lands in the new country.

Unusual opportunities exist along the lines of the Missouri Pacific Iron Mountain Route. The rich, alluvial, delta lands and river bottom lands of Southeast Missouri, Eastern Arkansas, Louisiana and Texas, capable of producing 60 bushels of corn, a bale of cotton, 4 to 6 tons of alfalfa 150 bushels of potatoes, and other grains, vegetables and hay crops, can be bought for \$7.50 to \$15.00 per acre. When cleared and slightly improved will rent for \$4.00 to \$6.00 per acre cash.

Uplands more rolling, lighter soil, adapted to fruit growing—peaches, pears, plums grapes, berries—also melons, tomatoes and other vegetables, can be bought for \$5.00 to \$10.00 per acre in unimproved state. Many places with small clearings and some improvements can be bought very cheap.

This is a fine stock country. No long winter feeding. Free range, pure water, mild climate. A healthy, growing country with a great future.

Write for map and descriptive literature on Missouri, Arkansas, Louisiana Texas, Kansas or Indian Territory. Very cheap rates on first and third Tuesdays of each month.

## Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nervine. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous. "I take pleasure in recommending Dr. Miles' Nervine to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."
