# FALL ARRIVALS

Our buyer has just returned from a three weeks visit to Eastern markets. He found general conditions the most prosperous ever known in this country, and with full confidence that Richardson county will share this prosperity this Fall, has purchased more extensive stocks of Dry Goods than in any previous season.

Most of the lines are now in and complete. If not ready to purchase, come in and look over these new goods.

# DRESS GOODS

Plaids have assumed a very prominent place in materials for ladies' Suits, Skirts and Waists, while Grays predominate, all other colors are in excellent form. We are showing a wide and exclusive variety at from

**10c to \$1.50 Per Yd.**

As usual plain fabrics will represent the purchases of the majority. Our stock is most extensive in the leading cloths. Blacks will be by all odds the favorite, while colors will follow in about this order: Blues, Browns, Greens and Dark Reds.

We have superior knowledge on these questions of style, as our buyer spends ample time in personally inspecting the vogues as shown in the centers of fashion.

Nearly all fancy dress goods have suffered a serious deterioration in wearing quality, by the considerable mixture of cotton in their make-up. Our plains do not suffer in this way, being in all grades at 50c and upward, strictly all wool. Buying almost our entire line directly from the manufacturer, we can guarantee the quality in every particular.

## NEW LINES:

Dress Goods, Silks, Laces, Dress Trimmings, Ladies' Underwear, Knit and Muslin Underwear, Corsets, Outings, Flannelettes, Rugs, etc.
