PROPOSED CONSTITUTIONAL AMENDMENT

The following proposed amendment to the constitution of the State of Nebraska, as hereinafter set forth in full, is submitted to the electors of the State of Nebraska, to be voted upon at the general election to be held Tuesday, November 6, A. D., 1906.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEBRASKA:

Section 1. That at the general election for State and Legislative officers to be held on Tuesday, succeeding the first Monday in November, 1906, the following provision be proposed and submitted to the electors of the state as an amendment to the constitution:

Section 2. There shall be a State Railway Commission, consisting of three members, two of whom shall be first elected at the general election in 1906, whose term of office, except those chosen at the first election under this provision, shall be six years, and whose compensation shall be fixed by the Legislature.

Of the three commissioners first elected, the one receiving the highest number of votes, shall hold his office for six years, the next highest four years, and the lowest two years. The powers and duties of such commission shall include the regulation of rates, service and general control of common carriers as the legislature may provide by law. In the absence of specific legislation, the commission shall exercise the powers and perform the duties enumerated in this provision.

Section 3. That at said election in the year 1906, on the ballot of each elector voting thereat, there shall be printed or written the words: "For Constitution Amendment, with reference to State Railway Commission." And "Against Constitutional Amendment, With Reference to State Railway Commission." And if a majority of all votes cast at said election, shall be for such amendment, the same shall be deemed to be adopted.

I, A. Galusha, secretary of state of the state of Nebraska, do hereby certify that the foregoing proposed amendment to the Constitution of the State of Nebraska is a true and correct copy of the original enrolled and engrossed bill, as passed by the Twenty-ninth session of the legislature of the State of Nebraska, as appears from said original bill on file in this office, and that said proposed amendment is submitted to the qualified voters of the state of Nebraska for their adoption or rejection at the general election to be held on Tuesday the 6th day of November, A. D. 1906.

In testimony whereof, I have hereunto set my hand and affixed the great seal of the state of Nebraska.

Done at Lincoln this 24th day of July, in the year of our Lord One Thousand Nine Hundred and Six, of the Independence of the United States the One Hundred and Thirty-second, and of this state the Fortieth.

Richardson county has produced this year the greatest fruit crop in its history. If the same care was observed in its treatment and in marketing it that is taken with fruit in other localities, it would have added thousands of dollars to the wealth of the growers.

AN UNCONSCIOUS HUMORIST.

In a border of flags, double leaded, on the front page, the News of last week gave voice to the fact that one Shallenberger, democratic candidate for governor, was to fire the first gun at Falls City in the near future. In the advertisement the statement was made that this man Shallenberger would riddle the corporation party.

The News is becoming funny. Shallenberger, let's see, isn't he the man who for the past five years has been the chief pass distributor for the Burlington railroad?

Shallenberger, lest we forget, isn't he the man who ridiculed Bryan for becoming colonel of a Nebraska regiment during the Spanish war and didn't he say it was a grand stand play, and wasn't George Sheldon a captain in that same regiment, and didn't George go on to Cuba even after Mr. Bryan resigned and went to Washington to fight the treaty, and didn't George stay with it until the fight was over and the regiment was mustered out?

Shallenberger, isn't that the fellow from Alma, this state, that said in 1904, in open convention, that Bryan was a dam dictator should not be permitted to go to the National convention as a delegate, and didn't he work to defeat him, and didn't he use his railroad influence to the limit for that purpose?

Shallenberger, isn't he the fellow that had Douglas county, and Omaha behind in the democratic state convention, and were not the men who were making his fight the recognized railroad henchmen in this state, and didn't they say that Berge must be beaten because he was too radical against the railroads?

Shallenberger going to fire the first gun, riddle the corporations, —Great Scott, the News is unconsciously becoming a humorist.

You think this is political bomb, Mr. Democrat? Just write to Mr. Bryan and ask him what he thinks of George Sheldon. Ask him whether George is on the square. Ask him whether when George says that railroads must bear their proportion of the taxes, must obey the laws, must ask for no special privileges, ask him whether George will keep his word. He knows Sheldon, he was with him in the same regiment. He also knows Shallenberger, he has been against him in every political battle this state has known for some time. Don't ask him about Shallenberger—he may not want to answer. But ask him about Sheldon.

Shallenberger to fight the railroads and riddle the corporation party.

The News is an unconscious humorist.

A vote for Shubert, Jones and Stalder is a vote for Norris Brown for United States senator to whom this county owes more than any state officer during the entire history of the state. A vote against these men is a vote against Brown for Billy Thompson. Will some brother please arise and tell us what we owe to Billy.

There is no more capable man in the district than Dr. Wilson, the republican nominee for state senator. He is nobody's man. He is conservative, careful and honest. He is entitled to and will receive his party vote.

Shallenberger will say in his Falls City speech how much he loves Bryan. Will somebody ask him whether he wanted Bryan to attend the national convention at St. Louis and whether or not he said Bryan was a dam dictator.

On the question of sincerity the republicans have only to say that they have nominated Norris Brown against Billy Thompson, and George Sheldon against Shallenberger. A party, like an individual, is known by the company it keeps.

Of course comparisons are odious; so much so in fact that the statement has passed into a proverb. Nevertheless a republican can't help smiling just a little when he thinks of Norris Brown and Billy Thompson, the opposing candidates for United States senate.

John B. Raper has won the respect and confidence of every man with whom he has been brought in contact since his appointment to the bench. The democrats may as well not nominate a candidate against him, as the people without regard to party are for him.

If Norris Brown was running on the ticket against Billy Thompson this county would give Brown a thousand majority. If the question of fitness and just deserts as between these two men were to be settled by the voters of this county, Thompson would not know he was running. If the voters of this county would pay Brown his due and what he has really earned from the tax payers, he would get every vote. By his conduct he has earned the opposition of every railroad man in the state and he is getting it. By the same token he should receive the vote of every man whose battle he has been fighting. A vote for Shubert, Jones and Stalder is a vote for Brown. A vote against these men is a vote against Brown.
