Speaker Cannon in a recent speech said that the principal efforts of the democrats were being devoted to filling the house of representatives and displacing the best congress, with the best record that has sat in Washington in years. This is a plain, homely statement of the facts. If the last congress had refused to pass the rate bill, if it had refused to pass the pure food bill, or any of the great measures that mark a great step forward in administration, there would be justification for the democracy asking that its personnel be changed. But what good reason exists why, having made a good record, a splendid record, the members who compose it should be turned down, and new, untried embryotic statesman put in their places. We don't believe the first district will lend any aid to such a foolish plot.

There is a new deal in affairs in Nebraska and the people are fighting for lower railroad rates. So many things are happening of real interest to every citizen that a daily newspaper is now a necessity. The biggest bargain that has come to our notice is The Daily State Journal without Sunday from now until January 1, 1907, for only 50 cents. This is such a small price that it can only be made to introduce the paper into new homes. The publishers claim that this is not a scheme to get you on their books and then keep on sending, but that the paper will be stopped on January 1, 1907. It would be hard to find a better way of investing 50 cents.

A Dozen Times A Night.

Market Letter.

Kansas City Stock Yards, Oct., 8, 1906. The moderate supply of 69,000 cattle, including 10,000 calves, last week enabled salesmen to secure advances on all kinds, ranging from 10 to 25 cents. Stockers and feeders made the sharpest gains the first of the week, but they closed the week quietly. Cows and heifers continued to sell the best in the killing line, although beef steers were scarce and high. Top last week was \$6.40, numerous droves, including some branded Colorados, at \$5.90 to \$6.15, bulk of fed steers \$5.25 to \$5.75. The run to-day is liberal at 25,000 head, including 3000 calves, but this total embraces the cattle that have arrived for exhibition purposes in the American Royal Show this week, between two and three thousand head. Demand is good from all sources today, killing cattle steady, except that cows and heifers are a shade lower, stockers and feeders stronger. Top steers today sold at \$6.00, grass steers \$3.30 to \$5.00, cows \$2.25 to \$3.25, heifers \$3.00 to \$4.25, bulls \$2.00 to \$2.75, a fair number of sales above these figures, of course. Light veals are scarce and sell at \$5.50 to \$6.75, heavy calves plentiful and lower, \$3.00 to \$4.25 range stockers \$2.75 to \$3.75, feeders \$3.00 to \$4.00, native stockers up to \$4.25, best feeders \$4.00.

Hog receipts were smaller last week, 34,000 head, market firm all week, run 6000 today, market weak to 5 lower, top \$6.47 1/2, bulk of sales narrow, \$6.35 to \$6.45, all weights close together, with prospects that heavies will soon lead. Nearly 1000 head of pure bred hogs are on exhibition at the Royal this week, a popular feature, as stockmen are paying more attention to hogs than heretofore, in view of the continued high prices.

Sheep receipts are heavy, 45,000 last week, 17,000 here today. The market was firm all last week, but is weak to 10 lower today. All hands have brought freely lately, both porkers and feeder buyers. Bulk of the stuff today feeders from Utah and the West. Best lambs sell at \$6.75 to \$7.15, wethers up to \$5.25, yearlings \$5.60, ewes \$5.00. Feeding lambs sell at \$5.75 to \$6.25, wethers and yearlings and breeding ewes \$4.60 to \$5.35.

"Yon Yonson," which shows in this city at The Gehling Theatre on Tuesday, October 16 boasts of what is without doubt, one of the most evenly balanced companies ever seen in this comedy drama. Managers Kennedy and Willard selected the "Yon Yonson" players with particular regard to their fitness to look, dress and portray the amusing characters in the late Gus Heege's masterpiece. Not a single detail has been overlooked in staging this production for its sixteenth successive tour of the principal cities of the United States. The performance are all under the personal direction of the managers and are, therefore, certain to be kept at the top notch of excellence. It is also certain that this season's company excels any which has heretofore appeared in the quaint roles. Players in last season's company who made the greatest individual "hits" have been retained and new ones added to make the ensemble as nearly perfect as possible. At the head of this company are George Thompson, one of the handsomest players ever brought to America, and Laura Davis, a competent character comedienne. There are many other popular players, several refined specialties, much good music, exceptionally beautiful scenic and costume accessories, and the excellent Lumbermen's Quartette, which has made such a great hit throughout the country in past seasons.
