PROPOSED CONSTITUTIONAL AMENDMENT

The following proposed amendment to the constitution of the State of Nebraska, as hereinafter set forth in full, is submitted to the electors of the State of Nebraska, to be voted upon at the general election to be held Tuesday, November 6, A. D., 1906.

BE ENACTED BY THE LEGISLATURE OF THE STATE OF NEBRASKA:

Section 1. That at the general election for State and Legislative officers to be held on the Tuesday, succeeding the first Monday in November, 1906, the following provision be proposed and submitted to the electors of the state as an amendment to the constitution.

Section 2. There shall be a State Railway Commission, consisting of three members, who shall be first elected at the general election in 1906, whose term of office, except those chosen at the first election under this provision, shall be six years, and whose compensation shall be fixed by the Legislature.

Of the three commissioners first elected, the one receiving the highest number of votes shall hold his office for six years, the next highest four years, and the lowest two years. The powers and duties of such commission shall include the regulation of rates, service and general control of common carriers, as the legislature may provide by law. But in the absence of specific legislation, the commission shall exercise the powers and perform the duties enumerated in this provision.

Section 3. That at said election in the year 1906, on the ballot of each elector voting thereat, there shall be printed or written the words: "For Constitution Amendment, with reference to State Railway Commission" and "Against Constitutional Amendment, With Reference to State Railway Commission." And if a majority of all votes cast at said election, shall be for such amendment, the same shall be deemed to be adopted.

A. Galusha, secretary of state of the state of Nebraska, do hereby certify that the foregoing proposed amendment to the Constitution of the State of Nebraska is a true and correct copy of the original enrolled and engrossed bill, as passed by the Twenty-ninth session of the legislature of the State of Nebraska, as appears from said original bill on file in this office, and that said proposed amendment is submitted to the qualified voters of the state of Nebraska for their adoption or rejection at the general election to be held on Tuesday the 6th day of November, A. D. 1906.

In testimony whereof, I have hereunto set my hand and affixed the great seal of the state of Nebraska.

Done at Lincoln this 24th day of July, in the year of our Lord One Thousand Nine Hundred and Six, of the Independence of the United States the One Hundred and Thirty-second, and of this state the Fortieth.

IT IS TO LAUGH

Our esteemed co-laborer in the interest of good government, the News, is much incensed at us for saying that its political articles are funny.

We have no desire to hurt anyone's feelings, but if its brand of politics is not funny it is something a good deal worse.

Just read the following from last week's News:

A Washington dispatch dated October 9, just four days after the declaration of The Tribune says: "The supreme court of the United States today postponed the cases of the Chicago Burlington and Quincy railroad and other railroad companies against the various county treasurers of that state involving the tax law of that state."

Does this look as if the case will be heard this fall? Where was Brown at the time of the postponement? Why was he not on hand urging an immediate hearing of the case if he is the reformer that The Tribune claims him to be? As a matter of fact Brown is here in the state trying to convince the people that he has reformed and is now as ardent for their interests as he has heretofore been for the railroads. In the meantime the county treasurers are just as far from the railroad tax money as ever. Perhaps this is what amuses The Tribune.

Of course the News knew this was false when it published it, but isn't it funny that in this day when nearly every farmer has a daily newspaper put in his box every day that a weekly should tell such foolish fibs. Isn't it funny that those who publish such silly stories do not seem to realize that the reading public know their falsity.

If the News wanted to be on the square with Norris Brown it would have published the fact that while Billy Thompson was running around the country talking to empty benches in his effort to beat Brown, that Brown was in Washington resisting the continuance of the tax case to the limit. If the News wanted to be on the square with Brown it would have published that the reason the United States supreme court continued the case was because Judge Brown has been retired because of illness and the court wanted to wait until the vacancy was filled. If the News wanted to be on the square it would have stated that Brown during his stay in Washington secured an order from the court that the railroads pay the entire tax owed to twenty-three counties which the roads have been holding up for several years in this case. If the News wanted to be on the square it would have published that every one of these counties will get their money within a few days because of the fearlessness, the ability, the integrity of the man Brown against whom the News is publishing its "funny" stories.

Forty wagons loaded with apples stood in line at the vinegar factory Saturday waiting to be unloaded. The stock holders of this corporation will invest \$25,000 in enlarging the plant next year and not a cent of the stock is for sale.

The Chicago Americans won the world's championship over the Nationals. Thus did another good thing go wrong. The Americans are all right but you can never convince the sporting editor of this paper that they are one, two, three with the "cubs."

Charlie Zoellers has made one of the best members of the county board the county has ever had. The people all over the county who are acquainted with his careful, painstaking methods are hoping that his district will show good judgment by returning him.

John Wiltse is pushing his campaign energetically and is making friends every day. If elected John can be depended upon to do everything in his power in the interest of the taxpayers, both in the trial of criminal cases and in advise given to the county board.

Frank Shubert is one of the ablest young men in the county and his abilities will be well employed in the interest of the people as a member of the legislature next winter. He is in favor of the strictest economy in all things and will be ever watchful in keeping down expenditures.

Shallenberger was a member of congress from this state once upon a time. You may never have heard of it as he didn't cut much ice, but he was just the same. While a member the records show he travelled on a pass on every trip to Washington and then charged the government up with mileage.

The farmers holding sales this year are using more space in the newspapers to advertise the sales than ever before. A good add in a newspaper is worth all the hand bills ever printed in securing a crowd. Bills are all right and are indispensable, but if you want everybody to know of your sale get it into the paper in a good display ad.

The danger of the election of Hearst as governor of New York is troubling men all over the nation without regard to party. Hearst appeals to the lowest and basest in life. His sole stock in trade is in creating prejudice and antagonism between labor and capital, the rich and the poor. The villainous cartoons in his New York paper had more to do with the assassination of President McKinley than any other one thing. His election would be a strong argument against popular government. When men like Hearst, who is characterized by every New York paper as "the man with the torch and dagger," become prominent in public life it is time to call a halt and ask ourselves whither we are tending.

SEE THAT FLUE?

It's new and different from any other. Made only in the

RIVERSIDE AER-HEATER

Cold air is drawn up from the floor through the flue and discharged at the top of the stove thoroughly heated.

It has all the radiating surface other stoves have, and heats by circulation as well. This means greater heating power, and

SAVES ONE-THIRD IN FUEL

It also means no cold floors, no cold corners or dead air spaces, but even temperature throughout the room. Every stove is a double heater of great power. Come in and examine them. Get a copy of our Booklet, "A Novel Race." It's free.

T. A. LINDENMEYER,
Minister.

George Sheldon has been meeting with the most flattering success in his meetings across the state. To entertain for a moment the thought that Mr. Sheldon might be defeated is to doubt the wisdom of Nebraska voters.

George Sheldon is as the late Edward Rosewater said, all oak and history. He has judgment, conservatism and courage. Every man who knows him, whether he is a democrat, socialist, pop or republican, has the same thing to say and that is that Sheldon is on the square.

Cass Jones has been a member of the legislature and not one of the opposition can point to a single mistake he made. Cass may not be much on style, but he is an earnest, honest and energetic farmer who knows the needs of his people and will see to it that Richardson county will be found voting right on every proposition before the legislature.
