

# The Fairy Land of Jewels

The wonder working of Queen Mab herself with all her fairy subjects skill to aid her, could not equal the production of the Goldsmith's art as it is understood today.

For delicacy of form and coloring, for grace of design, for multiplicity of shapes and uses, modern jewelry has reached the highest mark.

Our connection with those producers of beautiful jewelry is very close and we can offer their creations to our townspeople as soon as New York can see them. Just now we are showing new ideas in Bracelets. Fall designs in plain and colored gold, with or without sets.

Rings—in all the latest designs and of all prices. None but solid gold in stock. Call and see our stock—first-class in every detail.

It is especially rich in Broadcloths, Batistes, Wool Taffetas, Panamas, Henriettas, Plaids and Mixtures. Every shade demanded by present modes is shown. It would not be worth while to attempt to name and describe each item. We guarantee our qualities to be superior. At 25c is a wide range of Fancies, Mixtures and Plains. At 50c to \$1 any whim or want can be satisfied. Buying as we do, nearly all our Dress Goods, directly from the manufacturer, but few stores are able to match our qualities and prices and that freshness and novelty which furnishes the great charm to garments when complete.

## Remnants

A large number of all lengths, all prices and all wears in Dress Goods, have been put on our remnant table to close. This affords an opportunity to secure the most desirable goods at less than cost. First comers get the best selection.

## Flannelettes

These dressy tasteful fabrics, having much more weight and beauty, but costing only a trifle more than calicoes, have come into almost universal use. At from 5c to 20c we have every desirable cloth of this kind brought out this season. Ladies should see our variety before buying.

## Cloaks Cloaks

So unprecedented have our sales of Cloaks been during the last two weeks, that we have scarcely been able to keep our assortment complete. We are having new garments come in nearly every day and many more ordered, so you will find at any time, fresh and novel designs, all at popular prices. Remember one thing, we do not pay high priced traveling salesmen's salaries nor profits to expensive middlemen, but buy our Cloaks direct from the people who make nearly all the ladies' garments sold in this country.
