# It Costs Nothing

To find out for a certainty whether or not your heart is affected. One person in four has a weak heart; it may be you. If so, you should know it now, and save serious consequences. If you have short breath, fluttering, palpitation, hungry spells, hot flushes; if you cannot lie on left side; if you have fainting or smothering spells, pain around heart, in side and arms, your heart is weak, and perhaps diseased. Dr. Miles' Heart Cure will relieve you. Try a bottle, and see how quickly your condition will improve.

"About a year ago I wrote to the Miles Medical Co., asking advice, as I was suffering with heart trouble, and had been for two years. I had pain in my heart, back and left side, and had not been able to draw a deep breath for two years. Any little exertion would cause palpitation, and I could not lie on my left side without suffering. They advised me to try Dr. Miles Heart Cure and Nervine, which I did with the result that I am in better health than I ever was before, having gained 14 pounds since I commenced taking it. I took about thirteen bottles of the two medicines, and haven't been bothered with my heart since." MRS. LILLIE THOMAS.

#### Political Pointers.

How many politicians can you count who are denouncing the vile corporations who are themselves mixed up with some "Combine," or "Trust" here and there. Yet shouting "stop thief" at the other fellows? "Let him that is without sin cast the first stone."

Vote early, vote late and vote straight. You are prosperous, now take a day off to vote to continue prosperity. And bring a voter or two with you. It is your civil and religious duty.

Farmers do you prefer an ob scure Lincoln Lawyer to a suc cessful brother farmer to represent you in Congress? Hardly. You will vote for Pollard and your own interests

Roosevelt is strongly urging continued support by a republican Congress. Don't be fooled by the sham pretence of a democrat supporting Roosevelt. A vote for Pollard, Jones, Shubert and Stalder is a vote for the President.

#### A Few Figures.

The total appropriations made by the legislature for the last fusion biennium (1899-1900) for all the state institutions was \$1,167,709.00 and the average number of inmates in the institutions during this biennium was 2,642, making a per capita appropriation of \$441.60 for each inmate for the two years.

The total appropriations made by the last legislature for the present biennium (1905-1906) for all the state institutions was \$1,443,130,00, and the average number of inmates in the insti-Remember under Cleveland tutions up to June 1, 1906, was 3,568, making a per capita appropriation of \$404.47, for each inmate for two years.

The number of inmates in all the state institutions on May 31, 1906, was 2,680, while the number of inmates on May 31, 1906, was 3,659, showing an increase

In other words, had the appropriations for this republican biennium been as much for each state ward as they were for the last fusion biennium the total appropriations for the two years, 1905 and 1906, would have been \$132,479.84 more than they were.

#### Providence in Politics.

The explanation of the democratic press as to the cause of the present prosperity of the agricul tural west, which they now admit, is attributed wholly to Providence, in that Providence during the last few years has favored us with abundant crops. We are truly glad that the Lord is on | the republican banner, but how do the democratic press explain the abundant crops of '95 and '96 and 13 cent corn? Grover Cleveland and the Wilson tariff bill God Almighty don't pay any attention to the ward politics of this earth. He sends rain during republican and democratic administrations alike; upon the just and the unjust alike; upon the wise and the foolish. The democratic press by begging the question as it does by attributing the prosperity of the west to abundant crops, is simply trying to blind the eyes and draw the attention of the farmers from the true cause of prosperity. The advance in price of all farm products due to the enormous consumption caused by laboring people having work and plenty of it. The people are eating Nebraska corn fed beef instead of bean soup and the price of farm products has since 1900 increased on the average over five per cent, and the increase of farm products in value over 5 per cent has in-Will Kentner was up from creased the value of Richardson Atchison the first of the week county land over 5 per cent.
