The Alpha club and the Ladies Kensington entertained Monday afternoon at the former club rooms. The affair was given as a farewell reception to Mrs. M. L. Wilson.

A farewell reception was given Dr.

We wondered the other night while listening to "Handels Largo" as played by a cello with orchestra accompaniment on one of our Victors, why some people would invest \$250.00 in a piano they can't play, seldom see or hear, when \$30.00 will buy a Victor or Edison machine, one that all can hear and appreciate because everyone on earth is more or less a musician, but only a very few are able to produce it.

Your home can be bright and merry these winter evenings. You can get the character of music that suits you best, sacred or secular.

We have fine chairs and an exclusive place to let you hear the new January records, both Edison and Victor. All are invited to call on us. Our operator is very obliging. Machines sold on easy terms.

Reavis & Abbey

and Mrs. M. L. Wilson by Mesdames Jas. B. Davis and E. A. Litchfield at the former's home on Friday evening. Whist was the order of the evening.

The Great Second Oklahoma is the Pan-Handle in Northwest Texas

There is no place today in the United States that is attracting the attention of homeseekers and investors as is the great fertile prairies of Northwest Texas, lying just across the Arkansas river southwest of Oklahoma. Thousands of people are going into this rich agricultural country on every excursion, as they did into Oklahoma. If you will go with us on our next excursion we can sell you fine land for \$12.00 to \$20.00 per acre that will double in value in much less time than it did in Oklahoma. There is no finer climate on earth. You can work the year round. You do not have to house and feed your stock six months during the year. One crop will pay for the land. We are better equipped for handling these lands than any firm handling the same, as we have our own special train equipped with dining and sleeping cars, also our own hotel and livery barn equipped with good rigs and six automobiles that cost \$24,000.00. If you have a little loose money (as it only requires a small payment down and from 10 to 20 years in which to pay the balance) we can show you land that you will not refuse to buy, as it is rich and level, fine climate, plenty of good water from 15 to 60 feet. Come go with us on Tuesday, January 15th, as the railroad fare is only \$21.65 for the round trip. Sleeper only \$2.00 for the round trip. Good meals on train cheap. Come go with us, we will not only make you money but will show you a good time, one that you will never regret. Do not put this off as this country will all be settled up inside of 3 or 4 years, and your land will double in value, as the immigration to this country the past year was over a million. Think of it, and they must have some place to live. Remember that we will run these excursions every first and third Tuesday of each month until these lands are all sold. We will leave here over the Missouri Pacific at 1:16 p. m. for Kansas City where we will take our special train over the Santa Fe. Do not fail to take advantage of this opportunity to get a home or make a good investment. Do not forget our excursion dates to the Pan-Handle and to Dickinson and all other central counties in Kansas.

WHITAKER BROS.
FALLS CITY, - NEBRASKA

Segrist & Stout's Offering

Poland China Hogs
