We wondered the other night while listening to "Handels Largo" as played by a cello with orchestra accompaniment on one of our Victors, why some people would invest \$250.00 in a piano they can't play, seldom see or hear, when \$30.00 will buy a Victor or Edison machine, one that all can hear and appreciate because everyone on earth is more or less a musician, but only a very few are able to produce it.

Your home can be bright and merry these winter evenings. You can get the character of music that suits you best, sacred or secular.

We have fine chairs and an exclusive place to let you hear the new January records, both Edison and Victor. All are invited to call on us. Our operator is very obliging. Machines sold on easy terms.

## Must Drink More Water.

"The people here do not drink enough water to keep healthy," exclaimed a well known authority. "The numerous cases of stomach trouble, kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

Stop loading your system with patent medicines and cure-alls; but get on the water wagon. If you are really sick, you, of course take the proper medicines—plain common vegetable treatment, which will not shatter the nerves or ruin the stomach."

When requested for such a prescription for the cure of rheumatism and kidney trouble the answer was: "You must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism, the urine must be neutralized so it will no longer be a source of irritation to the bladder, and, most of all, you must keep these acids from forming in the stomach. This is the cause of stomach troubles and poor digestion. For these conditions I would suggest the following prescription, which is composed of only vegetable ingredients, which can be obtained from any good prescription pharmacy. Any one can mix them by shaking well in a bottle: Fluid extract dandelion one half ounce; compound kargon, one ounce; compound syrup sarsaparilla, three ounces. To be taken in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often." This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.
