Talking about a change—well last Saturday night there happened a knight of a road was a little short of change. That is, he seemed to be from transpiring events. He represented a good house all right, and was a dandy sort of a chap himself and also stopped at the National. The only trouble was with his trousers. After supper instead of a promenade along main street and the boulevards he went to bed—and real early at that. The bell boy in response to a vigorous summons to his room, was told to send the commercial man's trousers to the panitorium for pressing, and "tell them to get a move on them, 'cause I will have to stay in bed until the operation is completed." The messenger was dispatched, the trousers pressed and returned, while in the meantime "Johnny" hugged the covers hopefully.

Great Demand for Land!

There was never such a demand for lands as at the present time, and if you will go with us on our excursion next Tuesday the 19, we can sell you fine land in Central Kansas, Nebraska, or the rich Panhandle, lying just across the river from Oklahoma, in northwest Texas, that will double in value in the next twelve months, as the people are going into this country as they did to Oklahoma. The conditions were never so good as at present for the biggest wheat crop in Kansas as the subsoil is thoroughly soaked, and if you will go with us Tuesday the 19th, and buy, you will not only get the land cheaper by from five to ten dollars per acre less than you will next fall, but you will also get the wheat crop now growing on the land. Every man that will go with us to the Panhandle next Tuesday and buys some of this fine, rich land, will double his money in twelve months, and you will not have to pay down but a small amount to hold the land. Call and get maps and other printed matter telling of these lands. Come go with us before the spring work begins, as the railroad fare is only one fare plus \$2 for the round trip. Do not forget the date, Tuesday, the 19th.

WE ALSO HAVE

Fine brick business buildings on Stone street of Falls City, to trade for good land in this or Brown county, Kas. Also a good one story brick containing a good stock of general merchandise, located in a good town in Brown county, Kas. The building will be sold cheap and good liberal discount on the dry goods. Practically the only store in town. Death of a member of the firm reason for selling. Here is a good business at a bargain for someone.
