If it now up to the Governor to say whether the people of this state shall pay to the railroads three cents per mile or two cents for the privilege of occupying a cushion chair in their coaches occasionally. He will certainly redeem the pledges of the republican party and sign the bill. Personally the governor was not in favor of this move as he feared it might work a hardship on some of the branches in the state that already had a struggle for existence. But he will never pose as being larger than his party.
