

THE FALLS CITY TRIBUNE.

Vol. IV

FALLS CITY, NEBRASKA, FRIDAY, APRIL 26, 1907.

Whole No. 170

Conference.

The southern conference of the German Nebraska synod will be held in the Lutheran church southeast of Verdon, known as the Muddy church, from Thursday, April 25, to Sunday, April 28. On Sunday services will be held morning, afternoon and evening, at which time the annual Mission feast will be observed. Evening services will be in the English language. Everybody is cordially invited to attend these meetings.

A Well Spent Evening.

On last Thursday evening the Knights & Ladies of Security, council No. 610, met in Wahl's hall in regular session, eleven candidates were initiated and several other applications received. Dr. Fast and wife were present on this occasion, this being their first opportunity of attending since returning from their extended eastern trip, the doctor gave the council a most excellent talk in his usual pleasing manner. Dr. Wilson was also present and gave a number of interesting remarks for the good of the order.

Another pleasing feature was the presence of District Deputy Harrison, who gave to the council words of encouragement and some helpful hints for future work. After the order of business was completed a short musical program was rendered by the young people, and last but not least, was a bountiful supper served in the banquet hall to the satisfaction of all present.

The Miles Case.

The trial of the Miles case was closed Wednesday noon and Judge Raper took it under advisement. After Mr. Ringolsky had testified in denial of the Harbaugh story the court struck all of the evidence relating to this scandalous matter from the record and declined to consider it at all. This ruling was in line with ruling of the Supreme court, which also refused to consider it. The arguments opened Monday morning and consumed all of the time until Wednesday noon. John L. Webster, who was to close the case at the night session Tuesday was taken suddenly ill just as he opened his argument and court adjourned until Wednesday morning, at which time Mr. Webster resumed. While practically all of the attorneys participated in the discussion, the task of covering the entire case was given to Mahony for the defendants and Webster for the plaintiffs. These two gentlemen were listened to attentively by the largest crowd that has attended the trial. Mr. Mahony made a masterly presentation of his clients case, while the argument of Mr. Webster in closing is generally admitted to be the greatest speech ever delivered in the court house. Judge Raper has come in for a world of praise for the fair and able manner in which he has presided during the most difficult and bitter trial. The people of the first district are to be congratulated upon having Judge Raper, and no matter how he decides the case there is no one interested that will not be willing to concede that the decision will be conscientiously made.

James Hossack who has been spending the past week with his parents, John Hossack and wife, left Wednesday for Hartington, Nebraska where he is foreman of the Western Bridge & Construction company.

Elks Win.

The library contest came to an end this week, though for some time but little interest was taken in it. When the Odd Fellows dropped out the struggle narrowed down to the Elks lodge and the Convent. The total vote cast was 182,228 three leading candidates receiving the following number:

Elks	53,516
Convent	65,742
Library	16,953

This entitles the Elks to the library and the boys are entitled to congratulations for the successful termination of their efforts to put this splendid set of books in the lodge room.

Rev. Griffin Injured.

Word was received here the first of the week that Rev. Griffin, formerly of this city, was severely injured very recently, at his home at Colorado Springs. It seems that he was in some manner struck by a street car and rendered unconscious for several hours. It is thought that he will recover without permanent injuries.

His many friends at this place will be grieved to learn of the accident as at his age an injury such as the above so often turns out fatally. At the same time we are glad that all indications point toward his speedy recovery from the shock.

W. C. T. U. Will Meet.

The W. C. T. U. will hold a special meeting Friday May 4th, at the Brethern Church. There will also be a county convention of several of the surrounding towns Monday May 7th.

We ask that all the members who are either (or both) able to meet their co-laborers at the depot or entertain them while here will come to the front. If we all feel the responsibility as we should, say nothing of committing it a pleasure to meet in company with such friends there should be no trouble in finding room and entertainment for all.

Hoping there will be no shirkers we look for a large and enthusiastic attendance.

Sudden Death.

Mrs. Jacob Arnold died quite suddenly at the family residence near Barada on Tuesday of this week. Although quite old she was in apparent good health and on the morning of her demise was up and around as usual. She had been taking a nap and when her hired girl went to call her for dinner Mrs. Arnold was dead. The sudden death gave sorrow to many a home as Mrs. Arnold was well known and greatly esteemed by a large circle of Richardson county people.

Following is the verdict of the coroner's jury.

Burning of the Mortgage.

Wednesday evening of this week was one of the most important and best attended meetings of the Knights of Pythias ever held at this place.

The lodge has been organized in this city for many years and has an excellent membership at this place, meeting on Wednesday evening of each week. When the new State bank building was erected the K. of P's. purchased the third story, being instrumental in its construction. However the finances of the lodge was not at that time in a condition to warrant the payment of the entire cost and therefor a mortgage had to be given on the same. In Nebraska. This week the treasury contained a sufficient amount to liquidate the debt and invitations were sent out to neighboring lodges to visit lodge No. 18 on Wednesday evening last. In response to the same seventy-five from surrounding towns were present.

The lodge was called to order at 8 o'clock, and after an interesting address by W. S. Leyda, he proceeded to burn the mortgage in the presence of over two hundred members of the order, thus marking the complete ownership of the hall in which they were assembled. This was followed by a brief address by F. J. Kelley of Lincoln, after which several extemporaneous speeches were delivered by visiting members. Mr. Lively Injured.

While carrying the mail on his route, Thursday of this week, Mr. Lively while at Barada was kicked by one of his horses and was so badly injured that Postmaster Martin of that place finished his route for him. Mr. Lively is being cared for at Barada and it is to be hoped that he will soon recover.

Severely Burned.

Rudolph Voegle and wife, who reside north of this city, near Barada, were out burning stalks Tuesday evening and Mrs. Voegle got too near the fire in her work, causing her clothing to become ignited from the blaze. In his efforts to extinguish the blaze, Mr. Voegle's hands were both burned so badly that the finger nails and part of the flesh on the fingers dropped off. Mrs. Voegle was burned in a horrible manner, her left side from feet to head being severely injured. Dr. Van Osdel dressed the injuries and no fatal results are anticipated.

Bishop William's Visitation.

Bishop William, of the diocese of Nebraska, made his annual visitation to St. Thomas church Monday evening last. The solemn rite of confirmation was administered, after which he preached a splendid sermon, taking his text from St. Luke 4:4 "Man shall not live by bread alone." The discourse was one of the most vivid and practical the writer ever had the privilege of listening to. The bishop is the fortunate possessor of clear enunciation, chaste diction, and dignified earnestness; this, coupled with convincing logic held the attention of the congregation the entire forty minutes he was speaking. Space prohibits even a brief abstract from the sermon, but we believe the people who heard it realized they had been looking through a glass darkly, but now they saw face to face.

Attend the band concert at the Gehling theatre Wednesday evening, May 8th, and thus help to insure band concerts for Falls City this summer. Pearl Lawrence is at home again, having closed a most successful term of school Tuesday in Dis. 27. The exercises were principally of Arbor day order, Monday being Arbor day. The program was very interesting and in planting the tree each pupil took part. The day was a genuine holiday, thoroughly enjoyed by all and a fitting end to the school term that has been pleasing and satisfactory to the entire district.
