Annual Sunday School Convention

The Richardson County Sunday School association was held in Salem Thursday and Friday, June 6th and 7th. The meeting was not so large as had been anticipated, owing to the continued rains, but was in every way interesting and instructive. The original program was very much modified because of the absence of a number of delegates.

The devotional exercises on the opening morning were conducted by Prof. Steidly in the absence of Rev. Teeter, of this city. This was followed by the address of welcome by Rev. W. C. Garbison of Salem which, with the registration and assignment of delegates, took up the morning session.

At the afternoon session Rev. W. T. Cline, Ph. D., of this city, gave a very fine talk on the relation of Sunday school and missionary work. The discussion was open to the entire assembly and was generally interesting. Prof. Steidley's talk on the Sunday school as the place for children was particularly good, and the discussion full of interesting points.

The Friday morning session was opened by Rev. W. L. Dilow of Dawson. Rev. Calvert of Humboldt gave a very instructive talk on how to put the Sunday school to work. The teachers meeting, conducted by Rev. Smith of Humboldt was a wonderful help to teachers.

Miss Haines conducted the round table, and in her talk on primary work she used question slips and answered any question asked during her talk which proved a great help to those listening to her.

One feature of her instruction was an illustrated song "Jerusalem." She had prepared a picture representing, almost, a map and followed it in the song with a discription or story of each place.

Friday was election of officers and with the exception of president, little change was made. Mr. Maze was elected president and as Richardson county is the banner county in regard to being first in the payment of all dues and Sunday school obligations, the new president was presented with the gavel which he holds as long as the county holds its place of honor.

At the afternoon session a consecration meeting was held,

followed by a talk on Sunday school amusements by Rev. Garbison which was both interesting and helpful.

Unfinished business was then taken up and before the adjournment Verdon was selected for the next meeting. Those who attended the convention from this place were: Mrs. C. N. Allison, Misses Beulah Greenwald, Ethel Parchen and Alice Yoder, of the Presbyterian church; Mesdames Teeter and Mathers and Miss Shaffer, of the Brethren church; and Rev. Cline, of the M. E. church.

A number of Falls City nimmers, including John Powell and H. C. Davis, have been spending ten days at the Minnesota lakes. They returned Tuesday and to prove beyond a doubt to their numerous friends that they had enjoyed a great haul a beautiful supply of Pike, Perch, Pickeral and croppy were distributed. The Tribune management was kindly remembered by Mr. Powell for which we extended our thanks. The gents certainly had a great catch or expended a considerable amount of their surplus cash in making the showing they brought home, but we did not have the nerve to ask John to put us next to the real situation.

Burk Case Reversed.

The case against Sim Burk of Rulo wherein the defendant was convicted several months ago, was reversed and the conviction set aside by the supreme court last week. The friends of Mr. Burk are delighted over his vindication by the highest court in the state. The case of Plant against the Burlington was decided by the court in Mr. Plant's favor at the same time.

District Court.

Judge Kelliger convened court Monday morning and has been busily engaged in trying cases all week. The injunction case of Tiehen vs. Stewart relating to a levy on the Nemaha river engaged the attention of the court until Tuesday morning, at which time the hearing was deferred to make way for the case of George S. Hinton against the Burlington for damages done to an ice house by flood water. The case was given to the jury late Wednesday night and returned a verdict for Hinton for \$6,300.

Mrs. Courtright of Preston was granted a divorce from her husband for habitual drunkenness.

Court is today hearing two liquor cases from Stella.

The jury was discharged until Tuesday at which time the bank cases against the First National bank of Humboldt arising out of the Samuelson failure will be taken up.
