

Remember the Falls City Chautauqua, July 21 to 31 inclusive. Arrange to be with us the entire Session.

# THE FALLS CITY TRIBUNE.

Vol. IV

FALLS CITY, NEBRASKA, FRIDAY, JUNE 21, 1907.

Whole No. 178

### Boys Arm Broken.

While swinging on a cable swing last Saturday, Dorrington Wigton fell as he tried to jump over a high bar and one bone of his right arm was fractured just above the wrist. Dr. Boose was called and the bone set. Although he has suffered considerably, Dorrington seems to be doing nicely at this time.

### Lewis Wise Wins Prize.

Lewis Wise was very lucky in winning a \$10.00 prize for names sent in to the Woman's National Review. He sent in a club of six and as a prize received \$10.00 which he considers a very good investment.

We are glad indeed that Lewis was one of the fortunate ones. He is an all around hustler and we hope that he will be successful in landing other prizes.

### To Build Auditorium.

The Park Association has bought the lumber now used in the Tabernacle and as soon as the Revival meetings are over it will be used in the building of the large auditorium which is to be built at the Park. This building is to be of large proportions, with a large stage and will be comfortably seated. It will be used for all public gatherings, religious and political, conventions of all sorts, in fact any kind of meeting requiring a large building. This is a fine thing for our town and in having a place of this kind many more large conventions and assemblies can be brought to the town. We have the spirit and facilities to accommodate and entertain the visitors to our city on these occasions and it speaks volumes for the enterprise of our citizens in preparing a building suitable to hold large public gatherings. We know of no town the size of this in this section of the country with such a building. With our public spirit, good public buildings and the well known hospitality of our people, Falls City is bound to have things coming her way.

### From Missoula Montana.

We received the Missoula Herald from Oscar Maddox this week and the following article will be of great interest to the friends of Ike Beaulieu.

J. L. Beaulieu of Falls City, Nebraska, has purchased the confectionery store formerly owned by M. Keith and will conduct the business in the future. Mr. Beaulieu visited the city last September and was so favorably impressed with the future of Missoula that he concluded to locate here. Mr. Beaulieu has had years of experience in catering to the public and will make many changes in the store he has purchased. The sale was made through Stanclift and Hoverson.

We are glad to know that Mr. Beaulieu has been successful in locating himself so soon and he has our sincere wishes for success.

We note also that the Herald is edited by W. E. and W. A. Hassler, two young men well known to the editor of the Tribune, having grown up in Pawnee City. Their father until very recently was editor of the Pawnee Press. They are born newspaper men and from the extent of the advertising and general appearance of the Herald we would imagine they were making a grand success of this enterprise. To them and other friends in Missoula we extend our best wishes for success.

### Board of Supervisors.

The Board of Supervisors was in session several days last week but nothing of a very startling nature developed. They were a very quiet and orderly body. Three days sessions were held as a board of equalization but not a soul appeared with a protest which speaks well for the work of the county assessors.

Claims to the amount of \$5,917.32 were allowed from the general fund and to the amount of \$3,200.55 from the bridge fund.

The board adjourned Thursday.

### With the City Council.

The council met in regular session Monday evening June 17th. About the only business of importance transacted was the passing of an ordinance providing for the appropriation for the payment of all items of expense of the city beginning with the fiscal year, Tuesday May 7th and ending the first Tuesday in May 1908. The amount appropriated is \$22,800 and ordinance designates the object of each amount and the amount allowed and the fund from which the amount shall be drawn.

The subject of the bonds was discussed but not officially as the official steps have already been taken.

No other business of importance being before the council they adjourned to meet Monday June 24th in regular session.

### Revival Meetings.

The meetings at the tabernacle have been well attended. Sunday night many could not find a seat.

Evangelist Oliver is a fine preacher and he is not afraid to condemn sin. His efforts are directed toward one end, that is the moral regeneration of our people. No one who favors God and righteousness can line up against these meetings.

The music under the director Prof. Oliver is first class. A large chorus of about 200 voices is one of the notable features. About 90 to 100 have already come forward and decided to live for God.

The professed followers of Christ ought to be united in this effort to save sinful persons. It is God against Satan. Which side are you on? It ought to be God's side.

### Poisoned by Strawberries.

Five members of Joseph Lollman's family were poisoned Monday night by eating strawberries. It is supposed the berries at some time had been sprayed with some insect disinfectant containing large quantities of arsenic. While very ill for several hours the family was in no danger and at this time have recovered nicely.

### A Pastor Selected.

The Rev. Daniel George Cole of Deer Lodge, Mont., arrived here last Friday having accepted the call of the First Christian church of this place. Rev. Cole comes highly recommended as a Christian gentleman and an orator of ability and power. We are glad to extend to him a welcome to our city and wish him success in the new call and many friends among our towns people.

Grandma Dilts left Wednesday for Santa Cruz Cal., for an extended visit with her daughter Mrs. W. R. Adams and her son Charlie Dilts. We wish her a pleasant trip.

### Band Stand Complete.

The band stand is finished with the exception of the painting and does credit to those whose earnest efforts are responsible for its being built. It is in every way an ornament to the square and our city should be proud of it. It is of very attractive design and large in proportion. It is well lighted with numerous electric lights. On all sides we hear complimentary remarks about the structure and it more than fills the long felt need. The concerts will be given each Thursday evening during the summer.

### District Court.

District court has been steadily grinding since our last issue with Judge Kelligar on the bench. The Judge has kept the lawyers busy night and day in an effort to clean up the docket before the summer vacation and to permit the jury, many of which are farmers, to get back to their work. The two mandamus cases from Stella were tried by the court Friday afternoon and night of last week. These were cases brought by Bill McCray, chairman of the hellraisers' association. Bill didn't like what the town board was doing so he "buted in" to court about it. The court decided in favor of the board and William payed the costs. Court convened Monday to try the case of Bleuer vs. The First National Bank of Humboldt. This case is one of the many arising out of the failure of F. W. Samuelson and, like all others, resulted in a verdict against the bank in the sum of \$2,534.66. The jury was discharged on Wednesday for the term. The court is hearing the Lader divorce case from Dawson this (Thursday) morning. The drainage case between Mrs. Stewart and John Tiehen will be the next case, after which court will adjourn for the summer.

### Two Diphtheria Cases.

Two of the children of Albert Crouse have diphtheria in quite a serious form. The cases were reported immediately to the health officer and the premises quarantined. It is believed that it is possible to keep the disease from spreading and every precaution is being taken. A three year old child of Mr. Crouse died last week but it could hardly have been called diphtheria and the developments in these two cases were quite a surprise.

### Union House Long Distance Phone

Landlord McPherson has added a wonderful convenience to the office of the Union House by way of a long distance phone and a fine well lighted booth for the same. Mr. Mc is strictly up to date and any thing for the convenience of his guests is always being looked after.

### Real Estate Transfers.

J. W. and Anna Bourne to E. E. Ewing wd to lots 5 and 6, block 2 Verdon, Neb., \$125.

### A. O. U. W. Lodge.

The members of the A. O. U. W. lodge will meet at their lodge room at 3 o'clock Sunday, June 23rd, for memorial services. Bring flowers. COMMITTEE.

### Married.

#### COOPER-AKERS.

O. A. Cooper of Humboldt was married to Mrs. Minnie Akers June 18th at the bride's home in Council Bluffs, Ia. They have gone to Denver to visit Mr. Cooper's sister and will spend about a month sight seeing in Colorado before they return to their home in Humboldt.

Mr. Cooper is well known in this city and vicinity. He has been prominently identified with the business life of Humboldt for years and made many friends and acquaintances here in both business and social circles who extend their congratulations and wish him and his bride all the pleasures and happiness life can offer.

#### GANTT-MULLHOLLAND.

Fulton Gantt was married to Miss Edith Mullholland, Tuesday June 18th, 1907 in Langdon, Wyo.

This worthy young man is well known to all our citizens being born and raised here and until the last few years this has been his home. He is a young man of exceptionally fine qualities who wins the confidence and esteem of hosts of friends where ever he goes. For several years he has held responsible positions with telephone companies and is considered a fine workman. We only regret that his line of work takes him from his old home.

Mrs. Gantt was unknown to her husband's friends in this city but we hear of her that she is a charming, intelligent and accomplished young lady.

To the happy young couple is extended the sincere good wishes of hosts of friends.

Dr. Kerr is having his residence repainted this week.

Mrs. Ed May is down from Salem spending a few days.

Mrs. Jennie Davis of Kansas City, Mo., is the guest of Mrs. J. R. Cain this week.

Bert Harris of Stella was the guest of Miss Sallie Schoenheit several days this week.

Bert Baker returned Sunday from a two week's vacation spent in Colorado. He reports a fine time.

At any time of our county any correspondents are in our city we are always glad to receive a call from them.

J. H. Cline, who visited at the home of Mrs. Steele last week, went to Topeka, Kans., Monday to visit relatives.

Harry Rathburn and wife of Lincoln are visiting Dr. and Mrs. Minor. Mr. Rathburn is Mrs. Minor's brother.

Norman Musselman and wife, Harry Jenne and wife spent Wednesday at Sycamore springs. They enjoyed a fine day.

M. Gainini has almost rebuilt the buss barns, having torn away and rebuilt so much. He has made many improvements and added many conveniences for handling the large number of hacks and baggage wagons necessary to carry on the large business he is doing.

Mrs. Roll Dunn came down from Barada Tuesday to have a growth removed from the back of her right hand. It was caused from a strain and has given her great pain and inconveniences. The operation was performed by Dr. Fast Tuesday. She is under Mrs. Elliott's care and will be able to return to her home Saturday.

### Society News.

Mrs. Harry Jenne entertained Kaffee Klautch Tuesday afternoon at her home on North Stone street. An unusually large number of club members were present and the afternoon was a merry one. The hostess served a bountiful supper at 5:30 o'clock assisted by her sister, Miss Slocum.

Mrs. Jenne is a most genial hostess and the afternoon passed all to quickly for her friends.

Miss Allie Keeling entertained about sixteen friends Wednesday with a Kensington complimentary to her friend Miss Virginia Mead of Omaha. The weather of that day was fine adding greatly to the high spirits of the guests. Some clever games were also arranged which contributed much to the pleasure of all present.

Miss Allie served dainty refreshments during the afternoon assisted by her sister Miss Louis. The young ladies present report a delightful time.

Dr. and Mrs. Minor have issued invitations to a great many friends for an evenings entertainment at Wahl's hall this evening complimentary to Mrs. Minor's brother and wife, Mr. and Mrs. Harry Rathburn of Lincoln.

Miss Ella Miller, one of Falls City's most charming young ladies will be married Saturday June 22nd to Mr. John Ward in Omaha.

Miss Miller has grown to womanhood among us and needs no introduction for she is too well known for her charming manner and happy, amiable disposition among us. She is the daughter of F. W. Miller and wife, the former having for years been identified with the political and business interests of this city and county.

Mr. Ward, formerly of Tecumseh, is the nephew of John Gilligan of this city. He has visited here many times and has many friends here who congratulate him upon the prize he has won in this estimable young lady.

Mrs. Peter Resterer entertained a small party of friends last Friday afternoon at a Kensington in honor of her sister, Mrs. Shreck of Oklahoma City, Okla. About a dozen ladies were present and the gathering a jolly one. Mrs. Resterer served excellent refreshments assisted by Mrs. Metz. These ladies are most hospitable and always entertain their friends royally. The afternoon is conceded a delightful one.

A. J. Larabee of Dawson was down yesterday and took occasion to renew his faith in this family journal for which he has our thanks.

Clarence Heck went to St. Joe about a week ago on a pleasure and business trip. He has been giving special attention to a very fine horse belonging to him and expects to sell him at a fancy price in the city market.

Raphael Demers of Lordsburg, N. D., is in the city the guest of his brother, Napolian Demers, whom he has not seen for twenty-four years. On Tuesday evening he walked into the barber shop and asked for Mr. Demers to cut his hair and shave him, which he did without an idea who his customer was. After the work was finished he made himself known, and needless to say the surprise was only exceeded by the great pleasure Mr. Demers feels in this visit from his brother.

### Fashion Hints.

A suggestion for graceful figure:—S.

The "new shape" is made of the same materials as the old.

Although knickerbockers are not the thing in swell circles, the breath is often found in short pants.

The "butterfly tie" is still the mode, although for brunettes, is in southern latitudes, hemy is sometimes used at important functions.

The vogue of the "jumper" as a garment for that part of the human anatomy which does not jump, would seem to logically call for the use of gaiters as corset covers.

The hose supporter has so universally superseded the elastic band, that there is nothing left of the old fashioned garter but the "Honi soit" maximum.

The turn over collar will hold its own this season—if securely fastened.

In determining the quantum of sleeve regard should be had to the proportion of arm available; the less arm you have the more sleeve you will require et vice versa.

Bathing costumes this year still follow, in a general way, as heretofore, the style set by the mermaids and the fishes.

In automobile costumes none but fast colors are employed, and as usual, many are dying.

Hosiery is still worn rather full especially by those inclined to be plump, and sometimes it is also worn threadbare.

In modish gloves there is no departure from the standard weight, and the period of ten seconds is still allowed for the count.

A variety of pleasing tastes dictate the wearing of milady's coiffure, but the practice of wearing it on her escort's shoulder is frowned upon by dames de confidence.

In foot wear the cardinal rule still prevailed: "If the shoe fit, put it on."

For evening wear at smart functions a favorite appanage among some of the ultra-fashionable is a good deal of nerve.

The proper place for pads is on the walls of the cell.

Mrs. Mose Veach of Verdon is in the city this week taking medical treatment.

The 12 o'clock luncheons at the National hotel are becoming more popular each week.

The 5 o'clock dinners at the National hotel are perfect and the increased patronage shows how popular they are becoming.

Mrs. James Jellison has returned from Lincoln where she was called by the illness of her daughter. Mrs. Sherdeman has so far recovered that she will come to Falls City next week.

Chas. M. Wilson has rented the Holt building now occupied by Kelley's shoe store and about July 20th expects to move into it. Some changes are to be made in the building and when completed and the stock moved, Charlie will have one of the finest china and queensware stores in this section of the country.

Lady Pearl, a palmist came into town the last of the week and put up at the Lindell hotel. From all appearances we judge the lady did not do a very flourishing business. Either our people know enough of their future from the past or did not appreciate the lady's gifts. Anyway Landlord Curran was no richer after his lodger left than before.
