Several hundred Sears, Roebuck & Co's catalogues were sent to people of this vicinity recently. After looking through one of these catalogues we fail to see what they have to offer that will equal in price what our own merchants offer. We know from observation and examination that the quality, as compared with what is offered here for the same money, is always inferior. Before sending an order to one of these graft houses go to your home merchant, examine quality and price thoroughly. Buy the same size bill at one time form him and see what you save. It makes no difference whether you save up a big order or not; the price is never soaked to you; if you take some of your wares from these graft houses to your merchant and compare the quality with what you can buy for the same money here, you will find you have been cheating yourself.

Give your home merchant a chance. Hundreds of people yearly go through painful operations needlessly, because they never tried Man Zan Pile Remedy. It is put up in such a form that it can be applied right where the trouble lies. It relieves the pain and inflammation. It is for any form of piles. Price 50 cts

The management is actively engaged in improvements which when completed will mark an advanced step in the history of the Nebraska State Fair. A number of men and teams are now employed in the building of a complete sewer system, extending a 4-inch water main a distance of 1,700 feet around to the new speed barn, and filling in the low land west of Administration building, so that will be a part of the very best land in the tract. The dirt for this fill is secured north of the Rock Island track. The plans and specifications for the new cattle barn to be built this year shows a barn 174x257 feet, with stall room for 632 head of cattle, sanitary closets for ladies and gentlemen and a superintendent's office. The arrangements will be so that a person coming into the building at any of its numerous doors can see over the backs of all the cattle at a glance.
