Ten Good Reasons.

Here are ten good reasons for trading with your home business people, as given by an exchange. Read them and patronize the merchants of this town:

Because: You examine your purchase and are assured of satisfaction before investing your money.

Because: Your home merchant is always ready and willing to make right any error or any defective article purchased of him.

Because: When you are sick or for any reason it is necessary for you to ask for credit, you can go to the local merchant. Could you ask it of a mail order house?

Because: If a merchant is willing to extend you credit you should give him the benefit of your cash trade.

Because: Your home merchant pays local taxes and exerts every effort to build and better your market, thus increasing both the value of city and country property.

Because: The mail order merchant does not lighten your taxes or in any way hold the value of your property.

Because: The mail order merchant does nothing for the benefit of markets or real estate values.

Because: If your town is good enough to live in it is good enough to spend money in.—Gov. Folk of Missouri.

Because: The best citizens in your community patronize home industry. Why not be one of the best citizens?

Because: If you give your home merchant an opportunity to compete. by bringing your order to him in the quantities you buy out of town, he will demonstrate that, quality considered, he will save you money.

A Western man, who plumes himself on his fascination for the other sex, was not long ago presented to an attractive New York woman, says a New York paper. In course of their first tete-a-tete the man with the winning ways at once took occasion to turn the conversation into his favorite channel. "I observe that you are wearing an especially fine locket," said he. "Tell me, does it contain some token of a past love affair?" Aware of the Westerner's weakness, the handsome New Yorker thought to humor him a bit, "Yes" smiled she, "it does contain a token of the past, a lock of my husband's hair," "You don't mean to tell me that you're a widow!" exclaimed the Westerner, in delightful surprise, as he nudged a trifle neares. "I understood that your husband was alive." "True," answered the beautiful creature, "but his hair is gone."

Another star of the Nemaha county firmament is E. K. Hurst who this year graduates at the State Normal school of Peru and who has been elected to a $90.00 position as the principal of the Falls City high School. Falls City has a principal and a man. I remember Hurst as a boy in school. I anticipated his "day dream". I saw that he was made of the tough moral fiber, the keen mental insight into affairs, the social disposition and the will to work which characterizes a leader. He was a leader of the boys at school; he has been a leader in the State Normal school; he will be a leader in education—watch him.—Nemaha County Teacher.
