Before you vote on the park bonds go down and see what a beautiful property it is. Stand at the crest of the hill and look out on the valley of the Nemaha and imagine what a year or two of attention will do for these grounds. Falls City once before had a similar chance and failed to take advantage of it. Let's don't be short sighted a second time.

Some of our citizens have conceived the idea that Dr. M. L. Wilson of this city had been appointed state physician and would remove to Lincoln. The doctor is a democrat and plums of this kind are not falling his way this year. There are other Wilsons who were reared differently and it was the other fellow who caught the goody.
We are glad to note that our time honored friend, Dr. W. H. Wilson, of Table Rock, has found favor in the eyes of Gov. Sheldon and has received the appointment of state physician. No better choice could have been made and the duties of that office will be professionally looked after without fear or favor.
Henry Ruegge earnestly requests the public not to feed the squirrels out of the courthouse yard. If any body has walnuts or hickory nuts and wishes to give them for the squirrels he will gladly receive them. But feeding them away from the courthouse yard only tells them away from their home and causes trouble. They are an attraction in the yard and let every body help Mr. Ruegge to keep them there. Give him any nuts you have for the squirrels and don't feed them out of the yard.
