

THE FALLS CITY TRIBUNE.

Vol. IV

FALLS CITY, NEBRASKA, FRIDAY, AUGUST 2, 1907.

Whole No. 184

Body Exhumed Three Times.

For the third time the body of the unknown suicide, who killed himself on the Burlington train last May, has been exhumed.

Dr. Reneker has received many letters from a Mrs. Perry in New York as well as those interested in her who seemed positive in their identification from the photograph, and at their earnest request the body was taken up Wednesday morning that there should be no doubt about marks said to have been on the body. Coroner Reneker felt very positive that no such marks could be found but as the Metropolitan Life Insurance company also wanted another examination Coroner Reneker complied with their request. The marks described by the wife were not found and the case is again left a mystery.

The life insurance payments had been made regularly to the Metropolitan until just about the time of this suicide and have not been made since and they are also anxious to locate their man, dead or alive.

It is not at all likely that the body will ever be taken up again nor is there any possibility that it will ever be identified after this length of time.

Family Reunion.

One of the most pleasant family gatherings recently occurred at the home of Mr. and Mrs. Levi Nedrow on Tuesday of this week. All of their children except one son, Simon, were present and quite a number of their grand children. An excellent dinner was served at 12 o'clock, the table fairly groaning with all the good things prepared for this special occasion. Grandma Nedrow has been in poor health for some time but at this time is unusually well, and though advanced in years, both she and Uncle Ned are in fair health and upon this occasion entered into the spirit of joy and happiness, of loving reunion with their family with the keenest enjoyment and pleasure.

It would be hard to find a happier gathering than that at the dinner Tuesday and the day will long be remembered for the joy and happiness brought to the hearts of all the family. The children from a distance who came to be present on this joyful occasion were, Millard Minshall, wife and daughter from Tryon, Oklahoma, Charlie Minshall, wife and little son, Norton, Kansas, Mrs. Emerson Beachel Norcat, Kans., Henry Nedrow, Norton, Kans., Joe Nedrow and wife, Stella Neb. Of the family who reside in or near this city are Mrs. Joe Wicks and daughter and Wesley Nedrow and family. In the afternoon a photograph of the family was taken in the yard at the family home. May they all live to enjoy many happy reunions.

Married.

Miss Addie Clark of Stella and Mr. Ed Reed were married last Sunday at the home of the groom's sister, Mrs. Robt. Fitzgerald. Only a few relatives and intimate friends were present at the ceremony.

Mr. and Mrs. Reed will make Falls City their future home. Congratulations are extended through The Tribune by a large circle of friends.

The work of redecorating the post office continues. By this time next week things will be finer than a fiddle.

Delivery Horse runs again.

The big bay delivery horse from Nicholas meat market has decided to be a runner and makes good on very short notice. Last Saturday he became frightened at an auto in the northwest part of town and started for the shop at a merry gait, when he reached there all there was left of what started with him was the thills and harness, Verne Rowe having been spilled out on the way with light injuries and the wagon unceremoniously dropped.

The horse ran a block down the alley past the market where he slipped and fell, got up and started off again but was stopped north of Ferd Harlow's house. Mr. Nickolas believing him a little too speedy on short notice for a delivery horse traded him off the same day.

Chautauqua Notes.

Wednesday night closed the first season of the Falls City chautauqua assembly and it is generally conceded that taken as a whole it has been a grand success, much better than was at first anticipated.

The last days of the session were exceptionally good.

Nothing could have been finer, more eloquent or soul enlivening than the lecture of Hon. G. A. Gerhart on Sunday afternoon. His lecture appealed to the heart and mind, arousing the finer perceptions, creating higher ambitions, ideals and greater confidence in the future of our people in the minds of all who were so fortunate as to hear him.

A good crowd was in attendance to Monday to hear Dr. McClary and his lecture gave unusual satisfaction. He was interesting and kept his hearers amused from start to finish.

Dr. Lloyd's lecture on Martin Luther Tuesday afternoon was unquestionably fine, one of the ablest and most forceful lectures given during the week, and a great source of instruction and interest.

Tuesday evening's program was cut short before Magician Ritchie had finished his entertainment by the storm that came up. However, as much as was given was thoroughly enjoyed by the audience.

Dr. Fox gave one of his very best lectures, "The Neglected Cavalier," on Wednesday afternoon to a very large assembly and we hear only praise on all sides. He is of very pleasing personality, his delivery is good and he has the happy faculty of being able to carry his hearers right with him.

While the session has been a long one there was marked regret at the closing service Wednesday evening. Friends have mingled with friends, the best feeling of friendship and good will prevailing throughout, truly a session where fellowship, charity and love have dominated.

The chautauqua was a success intellectually, socially and financially. There have been mistakes, such as are common to first years, but these can be remedied, and Falls City promises the patrons even better and greater things for next year, with more and better conveniences, such as were impossible to so new an organization and new surroundings. Plan to be with us next year.

Dr. M. L. and Mrs. Wilson entertained Dr. and Mrs. Litchfield and Mr. and Mrs. Irvin Shirley of Humboldt last Sunday.

\$25,000 Suit.

The Omaha papers publish the fact that George Abbott, jr., formerly of this city but now living in Omaha, was sued last week for \$25,000 for alienating the affections of another man's wife. The petition alleges auto rides in the moonlight and other interesting incidents. Mr. Abbott pronounces it a hold up game and refuses to be blackmailed for a penny. Mr. Abbott's many friends here will watch the case with interest, confident of his ultimate vindication.

Where are the Candidates?

The filings made by candidates up till Wednesday noon are as follows: Roscoe Anderson and S. R. Scott for county judge; Vincent Arnold and H. A. Pence for assessor; John Watson and F. Wayne Coons for county superintendent; George Smith and H. Belden for supervisor 4th district; John Hinton for supervisor 6th district. No candidate has filed on the republican ticket for sheriff, clerk of the court, clerk of the county or treasurer. Neither has a candidate filed for supervisor in the 2nd district against McCray who has filed. Saturday is the last day for filing and no one can be a candidate who does not file his application with the county clerk before that time. It seems to be up to someone to get busy.

Capture a Tarantula.

John Gehling has a tarantula on exhibit at his store with which he had a mixup Wednesday. He was opening up bananas and took hold of the stem to lift them up when he saw the legs moving. It was very close to his hand. Needless to say he dropped the bananas quickly. He got a newspaper and a glass jar and by pushing the paper under the spider it jumped up into the jar which was immediately turned right side up and the paper placed over it till the lid could be secured, and there it has been a prisoner ever since. There was quite a little excitement in the store for a while and John admits being pretty badly frightened. While he will keep the tarantula on exhibition for a few days he does not contemplate trying to make a "pet" of it for any length of time.

Base Base Games.

The Haskell Indians played the Kid nine here on Saturday afternoon, the score being 11 to 4 in favor of the Indians. The Falls City team was weakened by the illness of two members whose places they were unable to fill in time for the game. A good crowd attended but not so large as usual, owing to the chautauqua session.

The Humboldt kid nine played the Falls City juniors two games Friday, the game in the morning standing 11 to 5 in favor of Falls City while the afternoon game was won by Humboldt, the score being 6 to 8. There was some pretty good work done by the youngsters and if they keep on we will have a good ball team even if we do have to wait till they grow into it.

Buys a Home.

John Doway has purchased the property owned by Hiram Spencer on North Lane street and is preparing to move his family to town in a short time. We are glad to welcome them among our townspeople.

An Urgent Invitation.

There was a great ball game in Humboldt this week. Tecumseh said she could beat Humboldt and she did by a score of 1 to 0. Many Falls City people attended the game and pronounced it one of the best games ever played in this corner of the state. How much money changed hands will never be known, but Humboldt is both loyal and game, so the amount was enough. We want these two teams to play a game here. Of course we will bet on Humboldt, but we'll be fair to everybody and we will give the boys a crowd that will break the record.

We urgently invite both teams to fix a date in Falls City to see which is the better team on neutral grounds, then see what a crowd we turn out.

Where's that Gas.

What has become of all the gas and oil we heard so much about last spring. The Pirate mine and the slate bed on the Wagner farm were to supply the city before cold weather. Pretty hot to mention it now but winter is coming and there seems no slump in price of coal. Its up to the gentlemen with the shale beds to do something now. Let us hear about it.
