I hereby announce myself as a candidate for the office of County Assessor subject to the action of the Republican voters at the primaries to be held September 3, 1907.  
WM. BRANDOW.

I am a candidate for the nomination of County Judge of Richardson county, subject to the republican primaries to be held September 3rd, 1907.  
A. R. SCOTT.

Every republican should bear in mind the date of the primary election, September 3rd. To insure good candidates a full vote should be cast.

The city administration is doing the right thing by purchasing the Roy property for city park purposes. No more beautiful or slightly location is available.

On another page of this paper will be found an open letter from Bixby of the State Journal that expresses the sentiments of a great majority of the republicans of the state.

From reports it seems that Bill McCray is in for a good beating at hands of the democrats of his district. We don't know Mr. Jenkins but we do know McCray, therefore we hope to see William skinned.

We have heard the argument advanced that Judge Reese should receive the nomination for supreme judge because he was wrongfully deprived of an election for a second term twelve years ago. I have always believed that Judge Reese should have been elected to a second term and still regret that he was defeated. But one wrong is never righted by the commission of a second. To give Judge Reese a primary election now is to commit the same wrong against Judge Sedgwick that was committed against Reese. Sedgwick is a candidate for a second term after serving his first term with distinguished ability and unswerving integrity. To defeat him now would be the rankest ingratitude and would occasion the same regret that many republicans have felt for years because Judge Reese was defeated after serving the state for one term.

**The Bank that Wants Your Business!**

Is the one that comes right out and says so. This Bank wants your business and that is what we are trying to impress upon you.

We have a long list of well satisfied customers, but we would like to make the list much longer and if you are not a patron of the

**FALLS CITY STATE BANK**

Please consider this a personal invitation to make this "your bank" in the future. The officials of this bank have the happy faculty of making their patrons "feel at home" when transacting business with them.

Some newspapers are clamoring for a supreme judge who will be "the friend of the people." A supreme judge should have no friends. What we need and demand is a supreme judge who will administer the law without fear or favor; a man who would promise more than this is unfit to be entrusted with any office.

William Brandow is the latest one to announce himself as a candidate for assessor subject to the republican primaries. Mr. Brandow is an old citizen of Richardson county and is extensively and favorably known. He is a successful farmer and a business man of unusual sagacity. He is of mature years and judgment and would make a most excellent assessor if chosen.

The suggestion of the News that we do something to commemorate the services of Alex Wherry is a good one. This city is greatly indebted to Mr. Wherry and it would be a nice thing to show our appreciation of his labor. Of course it is pretty late, such things are better done while the man to be honored is still in the land of the living. John Hinton has been one of the best friends Falls City ever had. Ever since he has been a member of the board he has been working unceasingly for this community. It would require this whole page to enumerate the things he has accomplished for us. It is generally regretted that he will have opposition for re-election. It will be a nice thing to remember the deeds of Mr. Wherry, even though he is not here to appreciate our action, but let's honor Mr. Hinton now by giving him the largest vote ever given a candidate in this city. No man is more appreciative than he.

**RULO.**

The Rulo band will play all three days of the picnic, and as they have several visiting musicians to help them they ought to give excellent satisfaction.

There was a large crowd in attendance at the Cunningham & Vastine horse sale at the stock yards last Saturday. The horses brought good prices.

It is too early when this goes to the publishers to make any report of the picnic and street fair, but the city has been full of people, with all sorts of attractions, since Friday of last week and every train brings more.

**CHAS. M. WILSON**

I have moved to the **HOLT Building** and invite your attention to increased stock.
