### John Oswald's Dog Killed.

Last Saturday morning one of John Oswald's hounds showed signs of rabies and Marshal Beasley was sent for to shoot the animal before any harm might be done. The dog had been bitten by another dog that showed no signs of hydrophobia and as yet has developed none. The Gillman dog that is supposed to have bitten Dr. Hahn's dog was also shot as he showed plainly every symptoms of hydrophobia.

## With the City Council.

The council met in special session last Monday night to consider the bids for the sale of the city bonds when the bids were not satisfactory and were rejected. The city clerk was instructed to again advertise for bids for four weeks and the limitation was set for Sept. 23rd, 1907 at which time all bids will be finally considered.

There was little other business to take the time of the council and they adjourned to meet Monday Aug. 26th, in the council chamber.

## Peerless Stock Food Co.

During the past week H. C. Smith purchased the building formerly occupied by the ice plant on his property near the B. & M. depot. The building will be rebuilt and when finished will be occupied by the Peerless Stockfood company which will move its plant to this city. This company has become one of the largest and most prosperous stockfood companies in the west, doing an extensive business and employing many travelers to sell their commodity. We wish them success in the recent move.

## Mail Sacks Stolen.

Quite a stir has been created in government and railroad circles by the theft of three sacks of mail from a Burlington train between Denver and Oxford. The sacks contained money and valuable papers and the loss is estimated at \$4 million dollars. Both government and railroad detectives are at work upon the matter. The sacks were to have been transferred from the Kansas City train to the Chicago train at Oxford but were stolen between Denver and Oxford.

## Horse Stolen.

On Monday eve about 10 o'clock Aug. 19th a saddle horse belonging to Wm. Nutter was taken from the hitch rack north of Wahl's store. The horse was found about 2 o'clock northeast of town on his way home, showing signs of being hard ridden. Mr. Nutter is a member of the Anti-Horse Thief Association.

The members were notified and responded nobly and were on the spot at once. It will be remembered that this organization was the means of sending Tony Cutler to jail 30 days for stealing one chicken. This organization deserves the encouragement of every good citizen of this community.

## Hero of Missouri Lakes.

While spending the day with a party of friends at the Missouri Lakes last week Miss Etta Richers and Tom Davies started to row across the lake to the island and in some manner Miss Richers pitched head foremost from the boat into the lake. Mr. Davies caught her foot just as she went over the side of the boat. Miss Richers was able to turn and catch hold of the boat and Mr. Davies heroically dragged her from four feet of muddy water into the boat. They returned to the hotel where Miss Richers was supplied with dry clothing and Mr. Davies was given an ovation as the hero of the summer at the Lakes. He will doubtless receive all medals and other such rewards such a brave deed merits.

Mrs. Belle Mulligan is visiting her sister, Mrs. Sloan, in Verdon this week.

The evening was made most pleasant for all the guests.

At 1 o'clock a splendid three course dinner was served by Mrs. Powell. The afternoon was passed with music and social conversation until train time when the party accompanied Bob to the train. Those present were: Misses Louise Rule, Maude Davis, Hazel White and Edna DeWald; Messrs. Bob Wright, Jean Cain, Louie Davidson, Frank Kanaly and George Gilligan.

The Cake-eating club met with Beachy Musselman Wednesday afternoon. Full membership (3) present. Much swinging and somersaulting indulged in. Stomachs delighted.

Mrs. Frank Schaible is entertaining Kaffee Klatsch this afternoon at her home on north Stone street.

On Wednesday evening Misses Gertrude and Grace Lyford entertained a party of friends at dinner, complimentary to Miss Enid Davis, of Kansas City and Miss Bess Alexander of York, Neb. An excellent four course dinner was served at 6 o'clock. The evening was passed with music and games, each guest contributing freely to the pleasure and amusement of the others, making the affair a most delightful occasion. Those present were: Misses Enid Davis, Bess Alexander, Ruth Heacock, Mona Wilcox, Mildred Holland; Messrs. Fred Graham, Lloyd Shaffer, Harry Cain, Edgar Schock, Sterling Falloon and Herbert Hays of Stella.

The members of the Baptist church and Sunday school held a picnic Wednesday of this week. All went with well filled baskets and as the day was delightful a royal good time was enjoyed by all in attendance.

## A Rough House.

Quite a disturbance occurred in the east part of town last Wednesday night at the home of Henry McLean. From what we can learn a case of beer and to much company seem to have been the causes. The two McLean girls who are married had a quarrel with them all night and toward morning sometime the younger one, who is separated from her husband seemed angered with the attention paid the older sister, Jessie, whose husband was present. A cutting followed wherein the younger sister stabbed Jessie in the shoulder. The wound is not dangerous we hear. It is understood now that they claim it was all an accident and just what will be done with them is not yet decided.

Miss Katherine Gilligan of Tecumseh is a guest this week at the home of her brother, John Gilligan.

Miss Erma Schoenheit returned to her home in Kansas City, Ks., Tuesday, accompanied by her uncle, J. M. Whitaker.

## More Young Thieves.

For some time the firm of Boyd & Lyford at Humboldt has been missing money from the till and while they had suspicions they were unable to prove the theft and after \$12 was taken about a week ago they decided to take steps to capture the thief. Accordingly small amounts of money were left in the drawer each night and guards put on watch. It was found a gang of boys were the guilty parties. A 14-year-old boy, Oran Guinn by name, was caught and he gave the other three away. They are: O. A. Cooper, aged 14; Ralph Shaffer, 14; and Floyd Shaffer, 12.

The boys were arrested and brought to this city Thursday morning. H. E. Boyd came down and filed the charges against them. It is quite likely three of the boys will be turned over to the probationary officer, Judge Martin. The Guinn boy, who got over \$12, is charged with larceny. The case was continued from Thursday till Monday and the boys were released on their own recognizance.

The case will be heard before Judge Fallstead Monday morning and just what will be done with the youngsters then has not been decided. It is to be hoped they can be shown the folly of their ways and brought to see the necessity of living honest lives before it is too late. If it is proven that this is their first offense it is likely the court will be lenient with them.

## New Stitching Machine.

Otto Wachtel, the enterprising harness maker, has installed in his shop this week a fine new Landis lock stitch wax thread machine for stitching harness. This machine will stitch through an inch of leather and the work can hardly be distinguished from hand sewed harness. Work done by a machine of this kind is fully as durable as hand sewing and because of the saving in time is much cheaper. Mr. Wachtel will continue to make hand made harness the same as of old but invites his patrons to come in and inspect the harness made by the new machine.

The trouble has been brewing for some time and on Saturday the men came to blows. It is said Brannum got the worst of it.
