Liquor Sensation in Kansas

Topeka is having another sensation. A druggist, Frank Keith by name has been arrested for selling liquor illegally. His books show that many prominent citizens, lawyers, businessmen and politicians who were earnest workers for the prohibition cause last year have been regular patrons of the druggist, some of them taking as many as twelve drinks a day "on tick." The druggist charged the drinks and now the county attorney, J. J. Schnick, has the books and will use them as evidence. There are many persons of more or less prominence in Topeka on the anxious seat just now.

W. A. Eiler's Big Attraction.

More people speak well of a really meritorious attraction than an inferior one. And it is only those of distinctive merit that in time gain recognition and the esteem of the public to which they are justly entitled. Such has been the success of Eiler's Big Show by having brought into his organization actors and musicians of ability and secured a sensational play filled with excitement and comedy. The "King of the Cattle Ring," Eiler's show is becoming too well known to the amusement loving public to require any further introduction. You have heard of it, to be sure. But to have seen it insures your position is a circle of those who appreciate good productions of deserving recommendation. Avail yourself of the opportunity of attending at Falls City on Thursday, October 3rd, under canvas.

Market Letter.

Kansas City Stock Yards, Sept. 23, 1907. Heavy cattle receipts and lower prices on everything but corn fed steers ruled last week. The supply was 94,800 head, including 13,400 calves, the heaviest supply of cattle and calves combined ever received at Kansas City. Demand was phenomenal from all sources, and not only was the entire receipts absorbed but the number held over at the end of the week was reduced 2000 head from the close of previous week. The run today is much lighter than a week ago, at 19,000 head, market strong to 10 higher generally, cows and heifers 5 to 15 higher. Fed steers are becoming very scarce, top today \$6.80, and very few sales above \$6, short fed steers \$5.25 to \$6.25. Grass killing steers range from \$3.75 to \$5.25, cows mainly at \$2.65 to \$3.75, heifers \$3 to \$4.50, although a few fed cows bring \$4 and upwards, and heifers better than \$5. Calves declined heavily last week, and are about steady today, veals up to \$6.25, heavy calves \$3.25 to \$4.75, bulls \$2.35 to \$3.65. Purchaser of stock and feeding cattle here last week exceeded any previous week at this market, or at any market in the world, 1350 car loads going to the country. Missouri led, followed by Kansas, Illinois and Iowa in the order named. A great many buyers are here today, and prices are a shade stronger than close of last week, stockers at \$3.25 to \$4.65, feeders \$3.75 to \$5.25, although choice heavy feeders, worth \$4.75 to \$5.25 have been scarce all along.

Hog receipts last week were 34,000 head, a small increase over same week last year, and the market made only a small net change, closing 5 to 10 cents lower than close of previous week. A good shipping demand held up prices most of the time, but on days when shippers were out, prices sagged. Run today is 5500 head, market 5 higher, top \$6.35, bulk of sales \$6.10 to \$6.25. There was some effort lately to put heavy hogs down in line with other markets with only partial success, as bulk of sales at Chicago today range from \$5.85 to \$6.20. A year ago heavy hogs were on a parity with light weights.

Sheep and lamb supplies increased late last week, but the market remained steady, except on range lambs, which declined 10 to 15 cents. Run is 11,000 today, market steady, lambs at \$6.50 to \$7.40, wethers and yearlings \$5.25 to \$5.85, ewes \$5 to \$5.35, for killing stock. There is a big demand for feeding Grades, lambs selling at \$6.65 to \$6.85, yearlings \$5.40 to \$5.70, breeding ewes at extraordinary prices, \$5.50 to \$6.25, with a fairly liberal number available in each class.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pang of this deplorable disease.

In Germany—with a Chemist in the City of Frankfurt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. These saw-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend
