

Many Styles of Winter Coats

In past seasons we have built a reputation for showing a wide and satisfactory display of Ladies' and Children's Cloaks. This season our stock embraces every model that is being shown in the centers of fashion which is at all practicable for town and country wear. We have been watchful not to buy many garments of any one model and can assure ladies that they may have an exclusive style if they so desire. While long, full cut black coats will have the largest use, we are showing partly fitted and full fitted styles and Castors, Browns, Reds and Dark Fancies, also Fur and Imitation Fur Coats, mostly in short jacket designs. No adequate idea of value can here be conveyed but we guarantee to excel in value and range of prices which run from \$4.50 to \$35.00.

Ladies' Dress Skirts

Ladies who have visited our ready-to-wear department have been delighted with the comprehensive showing of fine cloth Voile and Silk Dress Skirts. These have many exclusive features and are the product of the best manufacturers. If you are seeking to be well dressed at moderate cost, we will save you the hardship of selecting styles and making or having made your garments.
