Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of dyspepsia, heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—growing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular stomach remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, flatulency, bad breath and yellow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

Dr. Shoop's Restorative (ALL DEALERS)

ACHIEVEMENT

The Republican Party Keeps Faith With the People

PLATFORM PLEDGES FULFILLED

The republican party in Nebraska presents a remarkable record of achievement under the able leadership of Senators Burkett and Brown, our governor and state officers, the five republican congressmen, the members of the legislature and loyal republicans throughout the state.

An examination of the platform in brief in this column is proof positive of the absolute good faith kept with the people.

The voters of Nebraska who believe in progress should go to the polls and triumphantly elect Judge Reese and the state ticket lest a backward step be taken.

The Platform

As the representatives of the republicans of Nebraska, in State Convention assembled, we again commend the inspiring character and undoubted leadership of Theodore Roosevelt. We especially endorse what he has accomplished, with the support of a republican congress, toward subjecting the overweening railroads engaged in interstate commerce to the regulating arm of the government and in curbing the rapacity of the lawless trusts by forcing them to desist from their criminal practices. These policies have our unqualified approval and in order that no backward step be taken, we will insist that his successor be a man whose record pledges a continuance of the distinctive policies of the Roosevelt administration.

While not presuming to forestall the action of any future convention we express the belief that the republicans of Nebraska recognize in the Honorable William H. Taft of Ohio one whose personal character and whose long public service mark him as pre-eminently the man under whose leadership these policies would be perpetuated.

We endorse the present state administration. State affairs are being conducted with integrity and business sagacity. Our public institutions are being neither injured by parsimony nor scandalized by profligacy. The State's credit is high, and its long standing debt is being rapidly extinguished and will soon be paid. Its public school funds are growing enormously and being wisely invested in interest-bearing securities.

We commend our republican delegation in congress for their faithful representation of the interests of the people of Nebraska. We especially commend the last legislature for faithfully fulfilling republican pledges made to the people. It was a record of legislative fidelity without precedent in Nebraska.

The platform pledges of political parties mean something only when read in the light of the record of achievement. It is our rare privilege to call attention anew to the platform promulgated by Nebraska republicans a year ago, whose every promise has been carried out in scrupulous good faith. The republicans promised the people of this state the following reforms:

1. A state-wide direct primary.
2. Abolition of the free pass evil.
3. Comprehensive powers for the State Railway Commission.
4. More equitable rates for transportation of passengers and freight.
5. Equal taxation of railroad property for city purposes.
6. Abolition of fellow servant law and full employer's liability.
7. A pure food and dairy law.
8. Rigid economy in appropriations.

Every one of these pledges have been fulfilled. We express our satisfaction with the operation of the new primary law. It gives to the individual the same equal voice in the selection of all candidates that is given in the election that follows. Its first experiment was to obtain a freer and fuller expression of sentiment than has hitherto been possible to obtain under the caucus system. We pledge such amendments to the law as experience demonstrates necessary to make it a more perfect system of choosing candidates.

We endorse the work of the State Railway Commission and expect it to continue to be a serviceable instrument in enforcing the laws without fear or favor and to deal speedily, impartially and justly with all complaints against the roads. And we especially endorse the present efforts of the commission to effect a reasonable additional reduction in grain rates. We call upon the Railway Commission to investigate if only those giving the railways "the major portion of their time" are on the list of pass-holders, and we insist upon a rigid enforcement of the anti-pass law.

We believe the Federal Judiciary Act should be amended to define the citizenship of interstate corporations for the purpose of jurisdiction of Federal Courts by providing that for the purposes of original jurisdiction and jurisdiction on removal from State Courts, or Federal Courts, a corporation shall be deemed a citizen of every State where it has filed or is required by the law of that State to file in the manner required by the law of that State to file in the manner required of domestic corporations. Its Articles of Incorporation. And in addition thereto that every foreign corporation, or its successors, assigns, or lessees, exercising or claiming the right to exercise the right of eminent domain, under a State law, shall be deemed a citizen of that State for the purposes of jurisdiction of Federal Courts.

We favor the enactment of a federal law and if necessary an amendment to the federal constitution which will forbid the federal courts from issuing writs of injunction against State officers charged by law with the enforcement of State statutes.

We regard with high favor the nominees on our State ticket and invite all voters who believe in official probity and efficiency to join in electing them.

DR. PRICE'S CREAM BAKING POWDER

PURE, healthful, grape cream of tartar powder, the only kind that can be used without impairing the healthfulness of the food. Makes the biscuit, cake and pastry more digestible and wholesome. Absolutely free from alum and phosphate of lime.

Chemical analyses show the low priced powders made of alum to contain large quantities of sulphuric acid, and that a portion of the alum from alum baking powders remains unchanged in the food! You cannot afford to take alum and sulphuric acids into your stomach.

STUDY THE LABEL

The Harvest Is Over—The Summer Is Ended.

The financial flurry in New York need not concern the great west so long as we are blessed with good crops, and grain, hay and stock are quoted at their prices. The labor of the year is over, that is so far as the labor on the farm is ever over. Of course the corn has to be gathered and the hundred and one little details necessary to be done to clear up the years work are still waiting, but so far as the crops are concerned the work is over and the summer ended.

Not long now before the wind will blow out of the north and the flurries of snow will rattle the guant branches of the trees. Then is the time of all times when home is home. The realization that the stock is snugly housed, and that all creatures dependent on you are warm and comfortable, enhances the comfort of a warm home on a winters night. By the way have you ever stopped to think how many are the farm pleasures that were unknown 25 years ago. Just the other night I stayed at a farm house, and after they cleared away and the house put in order everybody, the father, the mother, the boys and girls and the visitors listened to the phonograph reproduce the singing and playing of great artists that our city brothers pay a good price to hear each night. It is astonishing how many country homes have phonographs and how much this marvelous little machine is doing to keep the boys on the farm. The telephone and rural delivery have done much for the farmers convenience, while the phonograph is doing fully as much for his entertainment.

This is not an advertisement for the phonograph, but our word for it, you can make no investment in the days of 50 cent corn, 90 cent wheat and \$10 hay, that will make your home brighter and more home like during the long winter nights so near than to buy a phonograph and provide some entertainment for those who have labored during the summer now ended.

WANTED—names and addresses of Printing Pressman for Gordon and Cylinder presses; also Press Feeders, Book Binders, Finishers, Rulers and Forwarders who desire employment in open shop. Good wages, steady employment, 9 hours per day. Address Beaumont, 317 Karbach Block, Omaha, Neb. 196-2-T

Your skin should be clear and bright if your liver is in normal condition. Riggs Little Liver Pills act on the liver; and headache, constipation and biliousness disappear. Price 25 cents. Sold by A. G. Wanner, druggist.

ManZan Reaches the spot. Stops pain. The Great Pile Remedy. Put up in tubes with rubber nozzle, 50 cents.

New Walks

At the rate cement walks are being laid Falls City will soon be at the head of the procession so far a good and enduring side walks are concerned. The walks to the twodepots are now about complete and the angel who records the swear words will be able to take a lay off so far as this town is concerned.

It is a well known fact that persons living in the pine forests do not suffer from kidney diseases. One dose of Pineules at night usually relieves backache. 30 days treatment \$1.00. Your money refunded if not satisfied. Sold by A. G. Wanner, druggist.

Run Them Out

This town seems to be filling up with tough characters. A number of villainous looking strangers have been dropping in here for several weeks. They have no visible means of support and should be put on the rock pile or run out of town. While Bert Reavis was walking home last Saturday night two little girls came running to him terribly frightened. Two of these ugly mugs were standing under the shadow of a tree and took to their heels as soon as the children reached safety. Some of these days a terrible crime will be committed here and we will be trying to catch the criminal. Run them out now! Make Falls City too hot to hold them.

It comes put up in collapsible tube with a nozzle, easy to apply to the soreness and inflammation, for any form of Piles; it soothes and relieves pain, itching and burning. Man Zan Pile Remedy. Price 50 cents. Guaranteed. Sold by A. G. Wanner, druggist.

Some Records

Some of the young men about town were telling the other day of the snipe and ducks bagged this fall, and the conversation led to the establishment of a few records, among which are the following.

There is a young man in Falls City, and a mighty fine young, business man he is, who in the 34 years of his life has never shot a gun, has never killed a living creature, has never tasted tobacco in any form nor ever drank a drop of intoxicants. Guess who he is!

Another Falls City man more than 70 years of age has never tasted either intoxicants or coffee.

If you can beat these records we would be glad to hear from you.

It is claimed indigestion is the national disease. That's why the demand for Riggs Dyspepsia Tablets keeps increasing because they do the work. Stomach trouble, dyspepsia, indigestion, bloating, etc., yield quickly. 10 days treatment free. Ask your druggist about them. Sold by A. G. Wanner, druggist.

THE TRIBUNE\$1.00 a Year....
