The heat and light question in Kansas City has ceased to be a joke. In fact it is such a stern reality that the people are now compelled to resort to candles, kerosene lamps or any old thing for light, and as for heat, unless something happens soon the citizens will be compelled to go to bed to keep warm. It may be fun for the cartoonists but Kansas City people fail to see it that way.

Chicken-Pie Supper—25c.

Listen, dear people, and you shall hear Of a supper in town, for a cause most dear On the 19th of November, at five of the clock; Hardly a man but knows the block Where Methodist ladies dispense good cheer, And now, kind friends, if you'll seek the "depths" Of the M. E. church, next Tuesday night A light you will find, just over the steps, Two on the front, and one at the rear; And dames in the basement will appear, Ready to serve from their bounteous store Pies made of chicken, and good things galore, Until you are ready to cry "no more." So, on that night we hope that we may Be patronized well; and now we will say That the money we earn, every dollar and cent, Upon a piano will surely be spent, On which the Leaguers have long been intent, Then on the breezes will be cast The "Songs of Zion" that e'er last; And people will stop and listen to hear Of Him whom we should all revere.

"A Trembling Judge"
