The Way to Do It

A farmer writes: "When I am ready to sell my stuff, I insert a little advertisement in the paper, telling them what I have to sell, and if live stock, how many head of each and when they will be ready to ship. The result has been that the buyers are right after me, either personally or by mail, and naturally I always get the highest price. If I want to buy a cow, a steer, a horse, or a dozen of each, I insert a little ad that costs me maybe 25 or 30 cents, and instead of traveling over the country inquiring of my neighbors who have this or that for sale, the newspaper does it for me at less expense, and those who have what I want manage to let me know in some way. I have saved the time and expense of traveling aimlessly about, and get a better selection to choose from."

A three line ad three times in the Tribune's cheap advertising column costs 25 cents. Nine times out of 10 it brings results. If you have something, see if the Tribune cannot help you out.

It was not Dick Narbett, but a young man named Miller who did the cutting at Falls City recently. Young men who go to Falls City to fight booze and gamble, are sure to get into trouble. Drinking and gambling never made a man of any one and boys, you had better cut it out; it will only bring sorrow and trouble on you and your parents.—Hiawatha Democrat.

Counter Suit

The Missouri Pacific railroad company has filed a counter suit against Davy Thornton, the 14 year old boy who has brought suit in the district court of Brown county for \$25,000 damages for the loss of an arm. Thornton lives at Sumner. Last summer his mother sent him to Atchison on an errand. He had a mania for riding trains, and got on the accommodation and rode to Falls City. He hopped a freight train to come home, fell off near Hiawatha, and had an arm cut off. He now claims a brakeman knocked him off. B. P. Waggener has ordered Frank Tutt to have a warrant issued for the boy's arrest, charging him with violating the law which prohibits stealing rides on trains.—Atchison Globe.

No need to fear coughs and colds this year as you can obtain Bees Laxative Cough Syrup from your dealer. This is good news to mothers who fear croup and whooping cough. It is a gentle laxative that expels the poison from the system in the natural way. Cuts the phlegm and clears the head. Guaranteed. Sold by A. G. Wanner, druggist.

The World-Herald is devoting most of its editorial space these days to Mr. Bryan's candidacy for the democratic presidential nomination. The World-Herald is wasting a good deal of ammunition. There is not time before the convention for another democrat to be born and develop, and nothing short of the end of things terrestrial will rob Mr. Bryan of that nomination.—Fairbury News.

Will Improve the Track

The first of November the wages of the Greeks employed on this railroad section were cut from \$1.75 to \$1.50 per day, and Monday were reduced to \$1.35 and the day from 10 to 9-hours. Two cars of steel rails reached Falls City this week and a special force known as the steel gang will at once begin laying the new rails from that point northward. Heavy rails had some time previously been laid on the track running south from the Kansas line. It is expected to lay 60 miles of new track this winter, which will be about as far as Union. The Missouri Pacific makes the announcement from the general office that it will spend two or three millions immediately in improving the main line. This is due to the work of the state railway commissioners in Nebraska and Missouri. Eighty-five pound steel rails will be used and they will be placed as fast as put out by the manufacturers.—Stella Press.

The Oven Rack

THE MAJESTIC Oven Rack is non-breakable, made of Malleable Iron, and is so constructed that it easily slides out of oven, holding any weight it may contain. Isn't it handy when basting a roast or turkey to slide rack and all out, instead of lifting the roast entirely out of the oven, as is necessary on other ranges.

This is one of the features of the Great Majestic Range that makes cooking a pleasure.

Farmers State Bank

MONEY in your pocket does nobody any good. If everybody carried their funds about instead of depositing in banks, there would be no banks, and, consequently, there would be no banks. Funds deposited in this bank are just as available for everyday use as if carried in the pocket. Your check on this bank would be current everywhere, and there would be a feeling of security, knowing it could not be destroyed, lost or stolen.

A bank serves the same purpose for funds of a community as does a dam for the waters of a river. The dam stores the water to supply power for mills and factories. So the bank hoards up the funds deposited to furnish "power" for the various enterprises of a community by loaning to the farmer, merchant or manufacturer the amounts needed. The volume of money is thus increased by bringing money from its hiding and placing it where it may serve a useful purpose.
