They concluded however that they could not go to housekeeping without the Tribune and called this week to add their name on our list.

The first of the week Fred Sebold brought into this office a cat fish of the spoon bill variety, which he had secured at Rulo, it having been caught in the Missouri. Herman Koehler informs us that his public sale held on Friday, the 13th, was one of the most successful ever conducted in this vicinity, thus proving the falsity of the old saying that the above day and date are unlucky. Mr. Koehler and family left Monday morning for their new home in Alabama.

The News came to us last week in Holiday attire and is a work of art. It is a 20 page paper and is filled with bright newsy reading as well as a most liberal advertising patronage by our business men. ## The Richardson County Farm Mutual Insurance Company

Lately issued a 5 year policy for \$5000.00. The farmer paid seven dollars for it. A \$5000.00 policy in our company the last 5 years, has cost in policy fee assessment and all, a total of \$27. This same farmer had paid to another company, \$80.00 for a \$4500.00 policy, the last 5 years.

There is no longer any excuse for people who send money away and waste it in this manner. Our company started over 20 years ago, and is growing continually. All losses paid promptly. Please write or come and see me. There is a difference between \$27.00 and \$80.00 every 5 years. We invite inspection of our records, and will undertake to prove, that the insurance in this county, of right belongs to the company, which never sends a dollar out of Richardson County. 03-4t. SAMUEL LIGHTY, SECRETARY, Falls City, Neb.
