The Richardson County Farm Mutual Insurance Company
Lately issued a 5 year policy for \$5000.00. The farmer paid seven dollars for it. A \$5000.00 policy in our company the last 5 years, has cost in policy fee assessment and all, a total of \$27.
This same farmer had paid to another company, \$80.00 for a \$4500.00 policy, the last 5 years. There is no longer any excuse for people who send money away and waste it in this manner. Our company started over 20 years ago, and is growing continually. All losses paid promptly. Prease write or come and see me. There is a difference between \$27.00 and \$80.00 every 5 years. We invite inspection of our records, and will undertake to prove, that the insurance in this county, of right belongs to the company, which never sends a dollar out of Richardson County. 03-4t.

Banks Fail but Land Never Does

Then put your money in some of the following lands:
The three bargains that we told you about last week we sold, and we now give you another chance to get a bargain if you will act at once.
A fine, fairly well improved 160 acres, with a pretty good 6 or 7 room house, corn cribs, granaries, chicken house, barn is not very good, but all improvements can be put in good shape with a little expense, and what the improvements lack the land makes up for, as it is one of the best quarters of land in the county for the money, every foot good, smooth and level and only 1 1-2 miles from this city, fine road, no creek or railroad to cross, and only \$118.00 per a.
144 acres, well improved farm, every foot good rich smooth land, good house, nearly new barn, corn cribs, granaries and all other necessary outbuildings all in good repair, with 25 acres of fine wheat and 50 acres fall plowed, all goes with this farm March 1st, 1908, and only 4 miles from Falls City, fine location and good neighborhood and only \$105.00 per a.
A good 80, all fenced and cross fenced, no other improvements. This is all good smooth land, with the exception of one or two small ditches, and only 1 1-2 miles from Falls City, at \$70 per a.
Taking into consideration the quality and location of the above three tracts, you cannot find a better bargain than either of them.
Here is one of the best stock and grain farms in the county, 200 a all fenced and cross-fenced, 160 a hog tight, horse barn 26x26 for 8 head of horses, 25 tons of hay, cattle barn 40x50 room for 50 head of cattle, 40 tons of hay, hog house shingle roof, granary for 1200 bushels, corn crib for 1800 bushels, implement house 14x26, shingle roof, good chicken house, a good 8 room house with two large porches, good cellar 14x14 walled with stone, good orchard, considerable seeded to alfalfa, clover and timothy, plenty of good water, two windmills with 200 barrel supply tank, piped to barn and feed lots, in fact a complete farm water system, 175 a in cultivation, one and three-fourths miles to school, 8 miles south of Dawson, not to exceed 8 a rough land on the farm, R F D at the door and telephone, price only \$80 per a part cash balance on long time at 5 1/2 per cent. This is a money maker, let us show you this.
Our loan companies have not raised their interest one cent during this panic, and as such we are doing a large loan business. We have 5 per cent money with a reasonable cash commission, 5 and 10 years time, with privilege to pay \$100 or all any interest pay day. Our land examiner has examined lands for us three days this week. Call and see us if you want a farm loan.
