Registered Percheron Stallions and Mares For Sale

I expected to have a sale of Registered Percheron Stallions and mares for sale in February, but owing to the financial disturbance, have concluded to sell the stallions at private sale, save the cost and expense of the sale, and give the buyer the benefit of that expense and have put the prices on them according. I will give those who wish to buy good registered Percheron stallions, the chance to buy them right. I will sell them from \$350 up to the imported kind for \$1200. I have no apology to make for the quality and breeding of these horses. They have the very best of breeding and will develop into good horses, all are young coming 3 years old this spring. They are out of imported horses of the most noted breeding. Come and see them or write if you are in the market for something good at right prices. I will also sell several good registered mares. This is your opportunity Mr. Horseman, for they will be sold at right prices. D. E. REBER, Morrill, Kansas.

The season of sale bills is at hand and the Tribune wishes to state that we are prepared to print sale bills while you wait, and do as good work and at as low figures as you can get any place.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute" says the doctor. "Health Coffee" is really the closest coffee imitation ever yet produced. Not a grain of real coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for coffee. Fred E. Schmitt.
