Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heat, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must be law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

Mrs. Maud Weaver, aged 29 years, died on Jan. 21st at her home in Kansas City. The remains were taken to St. Joe where the funeral was held Sunday. She was formerly Miss Maud Kelly of this city and has many friends here who are sorry to hear of her death. She had only been married to Mr. Weaver a few months. Her first husband was killed a few years ago by falling from a bridge on which he was working in St. Joe. Her father is also buried at that place. She is survived by a mother and two brothers.

Misses Emma Shepherd and Mary Mahan entertained about 20 of their young friends in a delightful manner at the home of the former one evening last week. Cards and other games were played. Not least among the evenings sport was a written proposal of marriage from each young lady present to some gentleman in the company. A reply of acceptance was a red heart, rejection a small red mitten. We hate to tell it but every lady with one exception received the mitten. But don't be discouraged girls for you know "a faint heart never won fair lady" so why not the reverse? And you still have 11 months to practice. Elegant refreshments were served and at a late hour the company reluctantly said good hoping for further pleasant times with the hostess of the evening.
