DR. H. T. HAHN, Committeeman 3d ward.

How would Taft and Hughes suit you for the head of the ticket?

Keep the republican caucuses and primaries in mind. Attend them.

Note February 18th as the date of the first large snow fall in Richardson County in winter of 1908.

The Verdon Vedette goes on the "early bird" theory and has commenced talking Fourth of July celebration.

The Mississippi senate passed the statutory prohibition bill by a vote of 36 to 4 on February 13. The bill is effective December 31.

Be patient. In nine months more, the country will be saved again as promised in every presidential election, and the election will be over.

Ten years ago last Saturday the Battleship Maine was blown up in Havana harbor and 226 of Uncle Sam's gallant sailors went to the bottom of the sea.

With the democratic central committee in other counties in the state taking upon themselves the power of selecting the delegates to the congressional conventions, it does not become our democratic friends to howl about "The rule of the people."

The Kentucky legislature has now spent more than four weeks trying to elect a United States senator, with no present prospect of a break in the dead lock. Another point in favor of the Nebraska plan of permitting the voters to express the preference for senator.

The Panama canal engineers compute that over twelve carloads of earth were dug out of that canal every working minute during the month of December. The amount removed every day would fill 5,868 cars, and would make a train thirty-three and one third miles long. Uncle Samuel is a power at throwing dirt as well as in other enterprises.

The city of Detroit within the last year made a profit of \$35,000 from its city prison. All prisoners who were able, were compelled to work. If more cities followed the example of Detroit and compelled the lawless element to work, while in the custody of the law instead of allowing them to lay around and consume rations, our prisons could be made to bear a portion of the expense required to maintain them.

The Standard Oil Company has recently declared a quarterly dividend of \$15 per share. With such evidence of prosperity on the part of that concern, the fine of \$29,000,000 imposed on it by Judge Landis of Chicago will only tend to cut down its annual dividend. It will require more than a fine to compel these criminals to obey the law. A few weeks or months behind the bars would be a better remedy.

A Chinese editor, while lecturing at the Y. M. C. A. association in San Francisco, stated that "The United States is the only nation on earth with a conscience." Quite a compliment this, but then Uncle Sam has always been an advocate of the "square deal." It is now but a few years since he turned down the proposition which was made him, asking him to be a party to the plan of paying off creditors with fifty-cent dollars, under the guise of free coinage of silver at the ratio of 16 to 1.

Mrs. Clara C. Hoffman, state president of the Missouri W. C. T. U., died last Friday at the home of her son in Kansas City. Mrs. Hoffman has always been a prominent worker in the temperance cause, was the Missouri state president for twenty-five years, and national recording secretary for twelve years. In 1895 she was delegate to the world's convention at London, and spent months lecturing in Great Britain, Germany, France and Switzerland. The success of the temperance cause for the past quarter of a century especially in Missouri, has been practically due to the efforts of Mrs. Hoffman.

Misses Mamie and Gertrude Kanaly, Maggie and Anna Mann, Grace Cronin and Ella Carpenter and Messrs. Lawrence and Ed Murphy and John McCullian, of Rulo, attended the party at Prekards Friday night. Earl Meyers came home from the hospital in St. Joe Monday afternoon. The little fellow happened to rather a peculiar accident. While walking up the railroad towards his home he picked up a broken insulator and threw it against the rail and a piece of the glass flew into his eye. Dr. Henderson was immediately called and on examination decided that an operation would be necessary and he was taken to St. Joe on the evening train where it was found necessary to remove the injured eye.

Friday, the 14th, being Claud Prekards birthday, his mother and sister planned a pleasant surprise in his honor. A crowd of his young friends were invited and on the evening mentioned went together to his home. To say that Claud was surprised would be putting it mildly. However, he soon recovered enough to assist in entertaining his guests. After a most enjoyable evening refreshments were served and all departed for their home wishing Claude many happy returns.

NOTICE TO RURAL FREE DELIVERY PATRONS!

To the Patrons of Rural Free Delivery, Falls City, Neb.-- Pursuant to recent orders from the Post Office Department, box holders are required to have their box number and name plainly and durably inscribed on the outside of their mail box. If you have not already done so, or if you have and for any reason the same has been obliterated or erased, kindly have your name and box number inscribed thereon, in a conspicuous place.

I would suggest that you direct your correspondents to include route and box number in their addresses.

At the suggestion of the Fourth Assistant Postmaster General I desire to call attention to the practice of some patrons, of placing loose coins in their boxes each time they desire to dispatch letters, instead of supplying themselves with postage in advance of their needs. The practice imposes undue hardship on rural carriers, in removing loose coins from boxes, and delays them in the service of their routes. You are therefore urgently requested to provide and keep on hand a supply of stamps, consistent with and in advance of your needs. It is also very desirable that rural patrons place in their mail boxes, small detachable cups of wood or tin, in which to place coins when necessary in purchasing supplies of stamps.

G. J. CROOK, Postmaster.

Idle Money

Money often lies idle awaiting opportunity for investment, but these opportunities do not come every day, or week or even month. In the meantime this money should be earning something, and it can, if placed in this bank. Will explain it to you on application.
